Thinking about getting your GED?
Consider taking FREE prep classes through Graduation Alliance!

What is it?
An online GED prep program for students who:
♦ Are 16-21 years old
♦ Are not enrolled in school or who are significantly behind in credits
♦ Live in the Everett Public Schools service area

How to Enroll:
♦ Get referred by your counselor or a school staff member directly. If you have been out of school, you can contact the district success coordinator to discuss Graduation Alliance as an option by calling 425-385-4071.
♦ Call the enrollment number, 1-888-615-6115, and begin registration!
♦ Attend a meet up to do orientation, take the STAR placement tests, and start your first prep course. This is also where a Chromebook will be checked out to you!
♦ Get started on your way to earning your GED!

How it Works:
♦ Register for each section of the GED test at meet ups with your local advocate.
♦ Receive a voucher to cover the cost of the test. You could save $120 total!
♦ Take classes on a Chromebook provided at no cost! Jump around in the class to practice just what you feel weakest in.
♦ Attend a meet up for 30-60 minutes per week.
♦ Pass at least 1 test every 3 months.
