

Replacing South Foyer Photos

1. Gather nine photos that are photos 853px wide by 1280px high
2. Convert them to png format
3. Name them photo1.png, photo2.png, etc.
4. Open the AMS InspriedSignage Xpress
5. Click on My Projects
6. Click on SouthCRC
7. Click on templateimages and drag in the new images to overwrite the old ones.
8. Save SouthCRC project and drag it over to My devices 0402
9. Can see snapshot of changes by opening a browser and going to <http://10.10.5.44/index.php>

If you want to change names of the photos open Southplaylist.svg and place the photos in there then Save.

News Crawler

Uses and RSS feed. IF you want to change the feed it uses:

1. set it up RSS in Blackboard
2. Open news_crawler.svg
3. Paste URL for RSS feed in RSS Feed Source under Data Source
4. Save and publish to device.
