This release allows the ISA Collaborative Coordinator and the Child Family Advocate (CFA) to access education records online and/or directly from the School or District. I understand the Collaborative Coordinator and the CFA will use these education records to monitor my child(ren)'s academic progress and to evaluate and improve the support the CFA offers. I further understand that the CFA coordinates assessment, planning and intervention efforts with schools and other social service agencies, but that the CFA will not disclose my child's educational records to anyone outside the collaborative without written permission. A list of agencies participating in the ISA Collaborative is included on the reverse of this document.

This release may be revoked or withdrawn at any time in writing, but that will not affect any information already shared. This consent and release of education records to the **Improving School Attendance Collaborative and the CFA** will be **valid through the 2022-2023 school year**, or as long as the student is served by the ISA Collaborative, whichever is the lesser time length.
