

April 1, 2020 – message to families

Voicemail:

Good evening.

This is Everett Public Schools with several important updates. There is now a pre-K through 5th grade spring break optional “packet” posted to the district website under “pre-K to 5th grade packets” tile on student engagement web page. There will be a *reduced* number of packets intended for students with limited internet access, which will be made available at meal distribution sites on Friday. Visit everettsd.org for more information.

For seniors: If you are a parent of a senior, please check your email for information on how the district is supporting our seniors to ensure graduation requirements are met during the school closure period.

For Wi-Fi hotspots: There is a community-wide shortage of hotspots. If you planned on picking one up tomorrow, we may not have enough for you. Please check your email for options.

Thank you and we hope you and your family are safe and healthy.

Email:

Good evening.

This is Everett Public Schools with some important updates.

Student learning packets for spring break: There is now a pre-K through 5th grade spring break optional “packet” comprised of math, English Language Arts and science activities available. The math and science activities are in both English and Spanish. The packet has been posted to the [district website](#) under “pre-K to 5th grade packets” tile on student engagement web page. There will be a *reduced* number of packets intended for students with limited internet access, which will be made available at [meal distribution](#) sites on Friday. Packets are not being mailed.

For seniors: If you are a parent of a senior, please check your email for a separate communication on how the district is supporting our seniors to ensure graduation requirements are met during the school closure period, or visit [Class of 2020 Supports](#).

Wi-Fi hotspots: We are experiencing a community-wide shortage of internet hot-spots. As a result, during our deployment tomorrow of Chromebooks and hot-spots, we may not be able to accommodate all requests. Another option is two months of free internet through Comcast. All new customers will receive a free self-install kit that includes a cable modem and Wi-Fi router. It is a no term contract. To sign up call: 1-855-846-8376 or go to: <https://www.internetessentials.com/covid19>.

Thank you and we hope you and your family are safe and healthy.
