Covid-19 update

Good afternoon EPS staff –

I know many of you are on vacation this week, but I want you to see what will shortly be going out to families as a result of the Governor's press conference today with Superintendent Reykdal. Please continue to enjoy your Spring Break. We will get through this together! Take care

To families today:

Good afternoon Everett Public School Families:

As you have likely heard, today Governor Inslee announced the closure all school buildings in our state through the end of this school year. It is hard for all of us, because we miss having our students in school, but we know this is the right decision for the health of our community. Although we will not be back in the classroom this year, we are confident we will be able to continue learning and student engagement through June. Please continue to enjoy your spring break. When we are back and reengaged next week we will be able to share more details about what the rest of the year will look like. Please continue to stay home and stay safe. Take care.

Ian
