EPS PBIS Cohort 3 - Day 3 Webinar 1

Agenda For Our Three Webinars

Webinar 1- Introduction and Implementation Planning on Remaining Interventions

> Webinar 2 – Tier 2 Team Implementation and Problem Solving

> > Webinar 3 - Begin planning for August Roll Out

Team Expectations

Be Responsible

- Be an active participant
- Watch the time on breaks and activities
- Use Chat to record comments, questions, ideas discussed

Be Respectful

- Mute yourself when not talking
- Share the AIR in large and small group
- Stay on task and on topic in large and small groups

Be Supportive

- Enter discussions with an open mind
- Respond thoughtfully to others' ideas & comments
- Use Zoom Reactions and appropriate non-verbal signals to signal questions, Chat to record summary breakout discussions

Systems of Support

A layered continuum of academic, behavioral and social/emotional support to meet each learner's needs

Tier 1

Behavioral

- Behavior expectations are defined. taught, and retaught
- Expected behaviors are acknowledged
- · Behavior errors are corrected proactively Communication with family about
- student's behavior is on-going

Academic

- Study skills, organizational strategies, and technology skills are taught
- The EPS continuous improvement model (8-Step) is implemented
- · Self-monitoring strategies are developed · Assignments broken into smaller chunks
- · Support is provided to all students
- Response is evaluated to identify students who may be at risk

Social/Emotional

- · Five overarching competencies are integrated into instruction:
- √ Self- awareness
- √ Self- management
- ✓ Social awareness ✓ Relationship management
- ✓ Responsible decision-making
- Second step curriculum is taught K-8
- · Bullying prevention is implemented
- Panorama data inform next steps

Tier 2

Behavioral

- Behavior contracts reinforce expected behavior
- · Check-in/check-out systems monitor student's daily success
- Mentors/peers mediate conflicts
- Re-teach school-wide expectations in small groups
- Students engage in problem solving and goal setting
- Communication with family about student's behavior is on-going

Academic

- · Intensive interventions specific to the identified need are selected
- · Small group Interventions occur in or out of the classroom
- Progress monitoring and evaluating student response is ongoing

Social/Emotional

- · Social skills are taught
- · Social/academic groups with individualized features are ongoing
- · Referrals are made to resources in or out of the school
- Frequent feedback and reinforcement for engaging in appropriate behavior is provided

Tier 3

Behavioral

- Functional Behavioral Assessment Behavior Intervention Plan is made
- · Community resources are utilized to support the student
- Consider alternatives to suspension
- Personalized schedules are built
- · Conflict resolution and social skills are
- · Communication with family about student's behavior is on-going

Academic

- Implement intensive individually designed intervention
- . Deliver intervention daily for a minimum of 30 minutes
- · Consult with interventionists and special education staff
- Progress monitoring and evaluating student response is ongoing

Social/Emotional

- Intensive, individualized interventions are implemented
- · Family members actively participate in the development of goals
- · Intensive school and community interventions with school support
- Support plans that include individualized therapeutic supports

Intensive

v 1.0 07/18

Tier 1 Fidelity and Outcomes

- Review Tier 1 TFI
- Capture Outcomes Data Download SWIS/Discipline Data
- Update Action Plans (for virtual and in person contexts)

Everett's 5 Core Tier 2 Interventions

* = Today

Intervention

Check in/Check Out (CICO)

Home Note (elementary)

Basic Behavior Contract

Class Pass*

Check & Connect (secondary)

Targeted SEL Skills Group*

Self-Monitoring*

Class Pass	Class Pass intervention, the student uses a limited number of "passes" to take brief (8-12 minute) work breaks to engage in preferred activities without disrupting instruction seeking to escape or avoid an academic task or sensory experience. To promote increased work/sensory tolerance, however, the student is also given an incentive to retain passes unused to redeem later for rewards. Useful for students motivated by avoiding tasks/activities or sensory experiences.	2-3 major ODR in 4-6 weeks with same motivation. X – X on Universal Screening	Class pass tracking tool to monitor when passes are used and tracking unused passes, which are used to access reinforcement	Student using average of one or no passes for 4 of 5 days a week for 3-4 weeks. Move to self-monitoring for 2-3 weeks as a transition
Social Skills Development Group	Small groups that focus on the development of specific inter or intrapersonal skills to expand a student's SEL capacity. Groups focus on key skills and strategies such as self-management, self-calming, conflict resolution etc. Students are reinforced when they are observed using the strategies in the school context. Best for students who need to develop positive replacement skill to better meet the function of a behavior. Can be used for students with a variety of functions for their behavior.	2-3 major ODR in 4-6 weeks. Teacher nomination X-X in Universal Screening	Pre/Post Skills Survey Student skill self -assessment	Completion of skill unit/lesson series
Behavior Contract/Pact	A written agreement between student and staff using an established template. Outlines specific expectations for student behavior and how student will be reinforced on a daily and weekly basis for reaching those expectations. The student must know how to demonstrate the expectations outlined in the contract. Can be used for a variety of functions of behavior as long as reinforcement matches the function. Useful for attendance, work completion, reinforcing use of a new skill/strategy etc.	2-3 major ODR in 4-6 weeks. X-X in Universal Screening	Behavior chart for tracking goals met	Meet goal for 3- 4 weeks. Move to self-monitoring for 2-3 weeks as a transition
Transition Support: Self- Monitoring	Useful for helping students transition from a more structured delivery of a Tier 2 intervention after they have met their goals with consistency for 3-4 weeks. Students monitor/track their own behavior for a period of time. They receive reinforcement when their self-recorded data matches that of the teacher or staff.	Completion of a Tier 2 intervention	Self-Monitoring DPR	Matches staff rating 80% of the time for 2 weeks. Then tracks independently for 1- 2 weeks or when student requests

A Reminder About Human Behavior:

- Behavior Serves A Function
- Is Taught and Learned and Thus Can Be Retaught and Changed

.....Yes, For Some Students This Can Be a Longer Process.

.....And Yes, Our Behavior Has to Change Too.

What is Function Anyway?

Humans repeat behavior because in some way it meets a deep need.

To OBTAIN or GET something we want: <u>Attention</u> (positive or negative) from peers and/or adults, sensory input or things like money, toys, stuff

To AVOID or Delay something we don't want: <u>Attention</u> (positive or negative) from peers and/or adults, sensory input, <u>Tasks</u> or other activities that we don't like.

Research has shown that the more often a behavior meets it's function for a person, the more often it will occur.

The longer the pattern has been in place the more time it will take to change it.

5 Core Interventions and Function of Behavior

Intervention	Primary Function	
Check in/Check Out (CICO)	Obtain attention and/or items	
Home Note (elementary)	Obtain attention and/or items	
Basic Behavior Contract	Can be adjusted for variety of functions based on details of contract & student reinforcement plan	
Class Pass	Avoid attention/sensory	
Check & Connect (secondary)	Can be adjusted for variety of functions based on details of contracts & student reinforcement plan	
Targets SEL Skills Group	Can be adjusted for variety of functions based on focus of the group & student generalization/reinforcement plan	
Self-Monitoring	As an intervention mostly avoid attention. Often used as a scaffold to support students at the completion of an intervention so can then match a variety of functions	

Basic Behavioral Pacts & Contracts

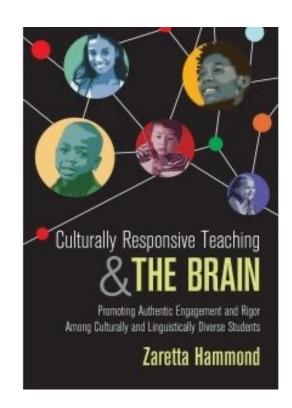

Basic Behavior Pacts/Contracting

- Use of a consistent format for developing a basic system of support and acknowledgement that allows for <u>some</u> individualizing of supports, goals, and reinforcement strategies.
- Helpful for all students but can be most useful for students with escape/avoidance motivation where other interventions may not already be in place
- Student must be taught the replacement skills and then have the opportunity to be reinforced for emerging changes early on, with gradual increase in expectations over time.
- Try to be as function based as possible in determining systems of acknowledgement/reinforcement

The Pact –Zaretta Hammond

- Often teachers will put in place behavioral contracts, but these are technical tools focused mainly on compliance.
- The Pact is a formal agreement between teacher and students to work on a learning goal and a relational covenant between them.
- They each pledge to bring their attention and effort to the pursuit of the goal.
- The Pact is meant to be a relational support tool.

Difference Between Effective and Ineffective Behavior Contracts

(C. Cook, 2018)

EFFECTIVE BEHAVIOR CONTRACT

- Negotiated agreement
- Describes what the student should do
- Provides a + goal statement
- Outlines what the student will <u>earn as a reward</u> for meeting goal
- Teacher uses contract to precorrect and prompt behavior

INEFFECTIVE BEHAVIOR CONTRACT

- Non-negotiated
- Describes what the student is doing wrong
- Provides no positive goal statement
- Outlines how the student will be <u>punished</u> if problem behavior continues
- Omits what supports teachers will be offering

FORM 3.5

Behavior Contract Template

Teacher/School Personnel: What behavior(s) will student work to increase? 1. 2. 3. Class Pass Intervention

(From Browning –Wright, D.)

FRONT Reward for a saved pass:

BACK

Guidelines for Class Pass

If you use the pass...

- Choose a time when you need to step out of the class.
- 2. Fill out one of your passes.
- 3. Show pass to teacher.
- 4. Walk to
- Have adult where you walked initial pass on your way back to class.
- 6. Enter class quietly.
- 7. Join classroom activity. If you save the pass...

Earn a reward!!!!!!

- CPI is for students who engage disruptive classroom behavior
 - Work may be too difficult, views class as boring, or simply doesn't like a subject
 - Allow students to escape/avoid academic tasks for a pre-determined amount of time by issuing class pass
 - Engage in a preferred activity for a certain amount of time
- Students must be taught how to appropriately ask for and take a break.
- Pre-determine the break length.
- Determine the # of break cards.
- Collect data on times breaks are taken

Class Pass/Break Pass Intervention

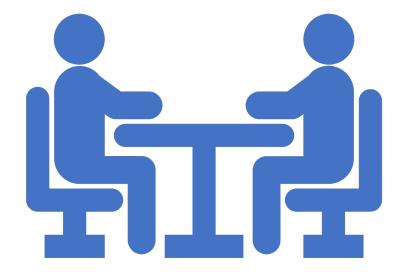

- Incentivize students to not use class passes by holding onto them and exchanging them for something even more desirable than escape/break
- It works because students:
 - Can exercise choice by requesting a break with class pass
 - Tolerance for academic work is increased
 - Are able to earn access to desired reward/activity based on staying in the presence of the difficult, boring, or frustrating academic task

Everett High School Anytime Pass

Breakout Room Discussion Time

 Based on what you just learned, which of these two interventions do you think would be best to present to your staff first?

 What would be the initial steps to introduce the intervention(s)?

Targeted
SEL
Skills Teaching
Groups

Self-Awareness Self-Management Recognizing one's emotions Managing emotions and values as well as one's and behaviors to strengths and challenges acheive one's goals Social & Responsible Social **Emotional Decision-Making** Awareness Showing Learning Making ethical, understanding constructive choices and empathy about personal and for others social behavior Relationship Skills Forming positive relationships, working in teams, dealing effectively with conflict

SEL Integration (CASEL.org)

http://www.edutopia.org/keys-social-emotional-learning-video

1	4	
Self-Awareness	Social Awareness	
I can say how I feel. I can say how my feelings affect what I do.	I can take the perspective of people from diverse backgrounds and cultures. I can empathize with others.	
2	5	
Self-Management	Social Management	
I can regulate my emotions, thoughts and behaviors when I'm alone or with people.	I can make safe and constructive choices about what I do and how I interact with people.	
3	6	
Self-Efficacy	Social Engagement	
I can motivate myself.	I can consider others.	
I see myself as capable.	I contribute to the well-being of	
I can persevere.	school and community.	

Using Data for Identifying Needed SEL Groups

- Short, Focused 6-8 Week Skills Teaching and Support Groups
- Focus and Participants Determined on Data
 - Self Report Survey Data- (e.g. Panorama)
 - Formal Social/Emotional Screening Data- (e.g. Student Risk Screening Scale)
 - Discipline Data
 - Teacher, Family & Student Referrals
 - Nurse Visits
 - Absentee/Attendance Data
 - Academic Data/Grades (for Executive Functioning Groups)
- Goal is explicit teaching and supported practice of needed skills

Sample Second Step Scope and Sequence

Grade 8

Unit 1

Mindsets & Goals

- Welcome!
- 2. Who Am I? My Identity
- My Interests and Strengths
- 4. Harnessing My Strengths
- 5. Pursuing My Goals
- 6. My Future Self
- 7. My Path Forward

Unit 2

Recognizing Bullying & Harassment

- 8. Understanding Bullying
- Social Factors that Contribute to Bullying
- Environmental Factors that Contribute to Bullying
- Disrupting Factors that Contribute to Bullying 1
- Disrupting Factors that Contribute to Bullying 2
- 13. Stand Up and Disrupt!

Unit 3

Thoughts, Emotions, & Decisions

- Understanding Stress and Anxiety
- 15. Where Does Stress Come From?
- 16. Can Stress Help You Grow?
- Strategies for Managing Stress
- Changing Strategies and Getting Help
- My Stress-Management Plan

Unit 4

Managing Relationships & Social Conflict

- My Values and My Relationships
- Healthy Relationships
- 22. Unhealthy Relationships
- 23. Conflicting Perspectives
- 24. Managing Conflicts
- 25. Your Guide to Healthy Relationships
- 26. High School Challenges

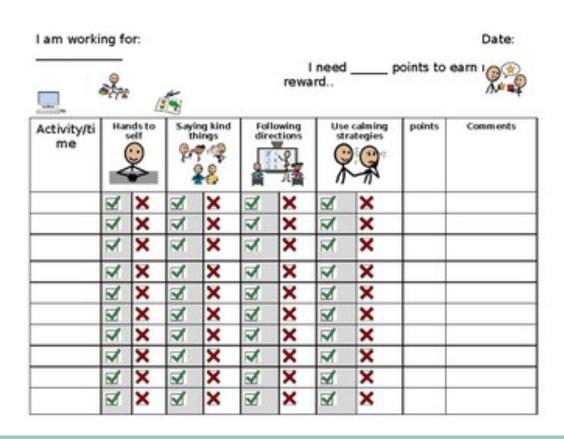

Breakout Room Discussion Time

 Based on what you just heard, which of these two interventions do you think would be best to present to your staff first?

• What would be the initial steps to introduce the intervention(s)?

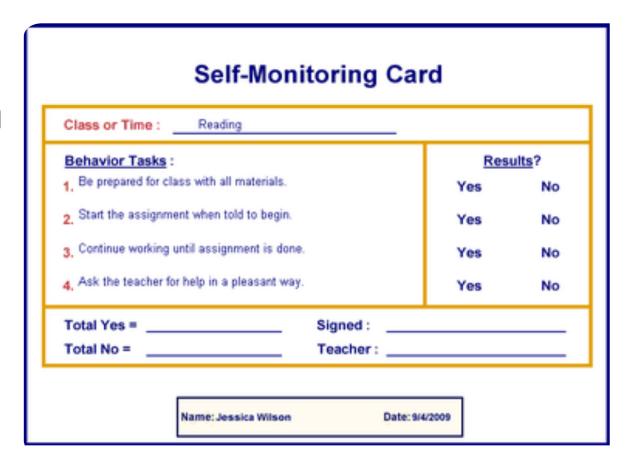

Self Monitoring

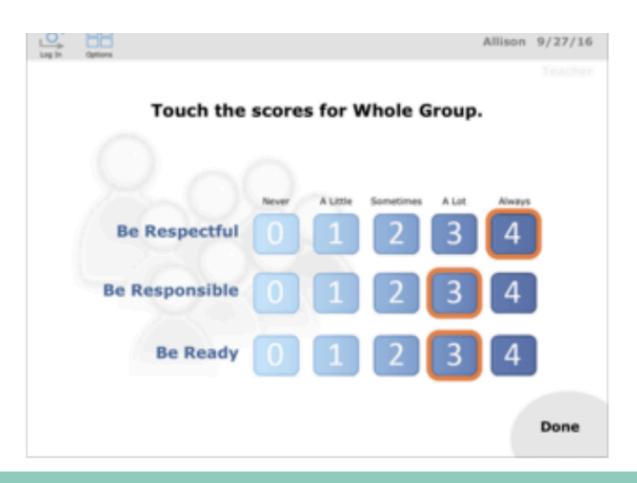

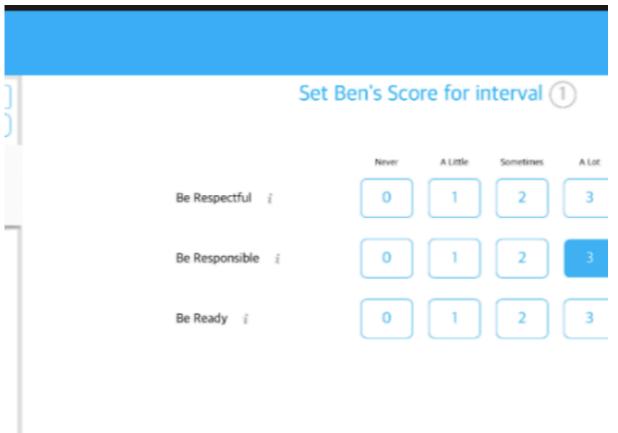

Self Monitoring

- Set a realistic and attainable goal with the student
- Identify what the student should be doing instead of the problem behaviors
- Determine how frequently the student will selfmonitor and record her behaviors
- Combine tracking with a reward component for meeting a preset goal to increase self-regulation and self-control
- Use of technological device or natural breaks or transitions to prompt self-reflection and selfrecording of behavior
- The student must comprehend the selfmonitoring chart

MoBeGo, I-Connect and Score It

Timer Tools

Assess for Fidelity of Implementation

On-going, sustained, and purposeful training

Supporting
Consistency &
Fidelity of Plan
Implementation

On-going access to technical assistance and coaching

Periodic formal checks

Student outcomes

Student perceptions and experience (social validity Adult perceptions and experiences (social validity)

(See examples for interventions in Google Folder)

Provide booster sessions and supports for student and/or teacher based on data

Apply logic of SW-PBS to adult learners

Explain-show-practice-reinforce
Provide Ongoing Data/ Feedback
Data-based Decision Making

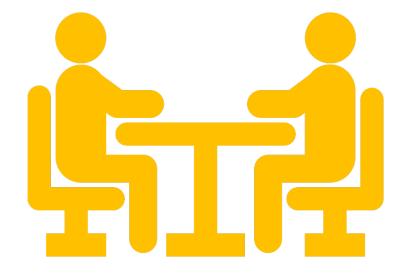

Tier 2 Team Setting Students and Staff Up for Success: Training, Coaching and Fidelity of Implementation

- Develop and provide intervention orientation and overview materials staff and student (videos, fidelity checklist, forms etc.).
- Provide structured coaching and practice to help student and staff "practice" intervention when others are not present. Use the fidelity checklist to do a run through, ask/answer questions, review next steps etc..
- Fidelity Checklist:
 - First week: Staff uses daily for self-reflection; T2 Coach uses daily for coaching/feedback during visit. Use this data for problem solving and integrating intervention into practice.
 - Week Two: Fade to every other day
 - Week Three: Once week minimum
 - If changes or adjustment to intervention are made update the checklist and return to more frequent implementation

Final Team Breakout Room Discussion Time

- What are the next steps & action items you need to capture related to these interventions?
- When can your team meet to continue Tier 2 planning and development?
- What support do you need from the district and/or your coach to move forward with your plan?

Next Steps for EPS Tier 2 Teams

- 1. Finalize Tier 2 Team Development and Scheduling (request support from Sound Supports Coach as needed)
- Make a plan to assure that Tier 1 is in place with fidelity schoolwide and in classrooms upon return (take the time to do an in-depth launch)! Make a plan for virtual Tier 1 if needed.
- 3. Review the interventions we have covered and identify one intervention that you want to pilot in the fall.
- 4. Make sure your Tier 2 team is trained in using the Student Success Platform for monitoring Tier 2 interventions
- Optional: If your team is ready, identify 3-5 students with Tier 2 needs that would benefit from this intervention in the fall and obtain consent to participate from family/student
- 6. Coordinate with your Sound Supports Coach to prepare for Fall Pilot of the intervention
- 7. Orient/Train mentors/coaches, teachers and students
- 8. Orient your staff to the status of your team and related activities

Agenda For Our Three Webinars

Webinar 1- Introduction and Implementation Planning on Remaining Interventions

> Webinar 2 – Tier 2 Team Implementation and Problem Solving

> > Webinar 3 - Begin planning for August Roll Out

Homework for Part 2

- Please view the following You Tube video of a Tier 2 meeting.
- Record your observations and questions:
 - What was different than typical meetings?
 - What stood out as effective?
 - What questions do you have about the process?
 - How could you integrate this approach with strategies and systems you already implement as a team?

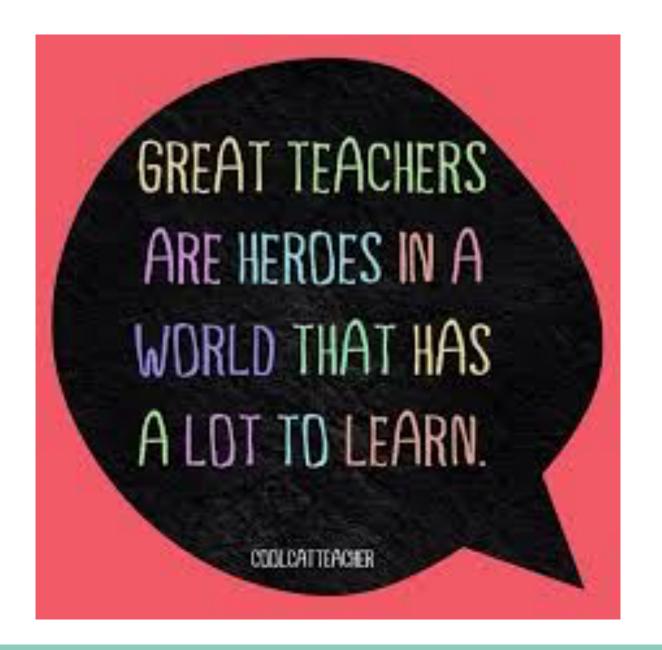

https://youtu.be/z6MtVtRSXMs

Tier 2/CICO meeting
