### Sticker Problems

1. I had 238 animal stickers in my book. On Monday, my teacher gave me 245 stickers. How many stickers do I have now?

2. On Tuesday, I gave my friend 177 stickers. How many stickers do I have now?

3. Four friends were comparing how many stickers they had.

Don said: "I have 25 stickers."

Alana said: "I have 82 stickers."

Amy said: "I have 10 more stickers than Don."

Micah said: "I have 10 fewer stickers than Alana."

a. How many stickers does *each* friend have?

b. How many stickers do the four friends have *altogether*?
