

Accessing Savvas (Pearson) Products through Clever (New for Fall 2020)

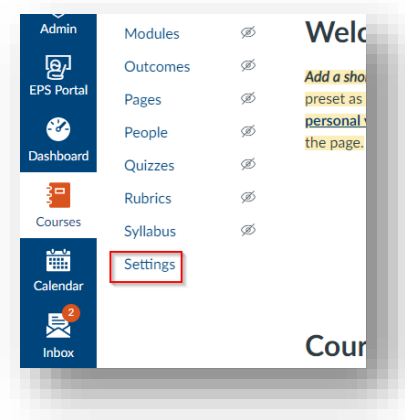

Products Impacted: Successnet, Realize

All students utilizing Savvas (formerly Pearson) texts via Successnet or Realize will now get to them through the Everett Public Schools Clever Portal. The Clever portal also houses other rostered curricular and digital tools, including Naviance.

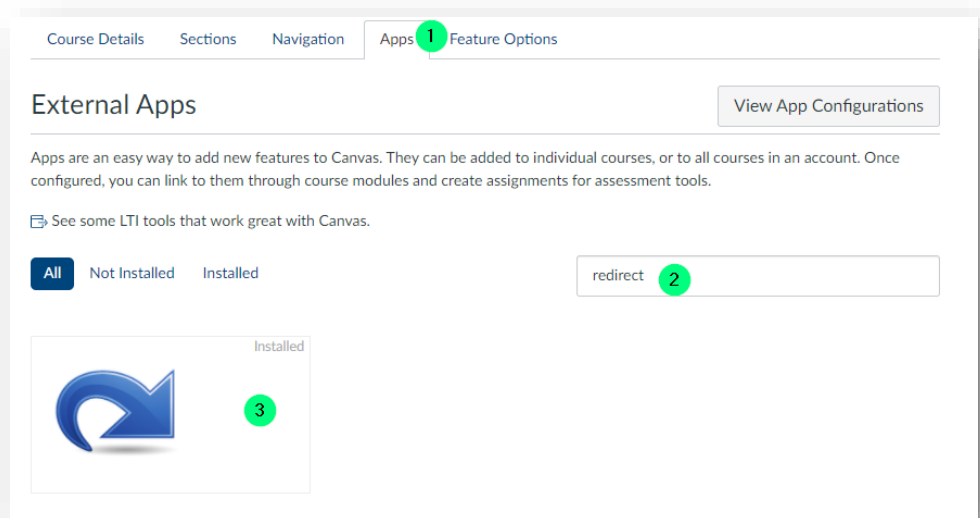

Below you will find step-by-step instructions on how teachers set up student access to the products.

Part 1: Teachers add a link to the Clever Portal in their Canvas Course

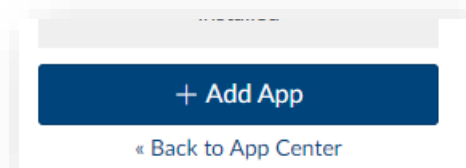

1. Log-in to Canvas and open up your Canvas Course.
2. On the left-hand side Course Navigation menu, click on "Settings."

3. On the Settings page, click on the Apps tab [1] at the top of the page. Next, type in the word "redirect" in the text box to the right [2]. Finally, click on the Redirect app on the left [3]

Click the "+ Add App" button.

4. In the Add App window that opens up, give your redirect link the name **Clever – Savvas Realize** (this is what the link will actually say on your Canvas Course menu) [1], enter in the Clever portal URL [2], check the box for having it open in a new tab [3], and be sure to check the box to add it to your Course Navigation menu [4]. Finally, click Add App [5]
- a. The Clever Portal URL is: <https://clever.com/in/everett>

Add App ×

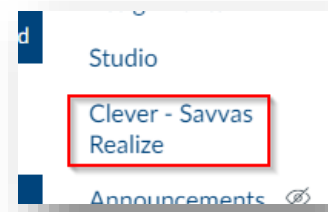

Name
Clever - Savvas Realize 1

URL Redirect
<https://clever.com/in/everett> 2

☒ Force open in new tab (For External Links Only) 3
☒ Show in Course Navigation 4
☐ Show in Account Navigation
☐ Show in User Navigation

Close 5 Add App

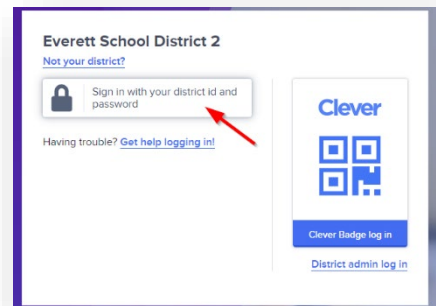

5. Click the “Home” button in your Course Navigation menu, and you should see your link added to the menu. You can change the order of the items in your Course Navigation Menu under Settings—Navigation Tab. Remember to hit Save whenever you make changes to the Course Navigation or they will not stick.

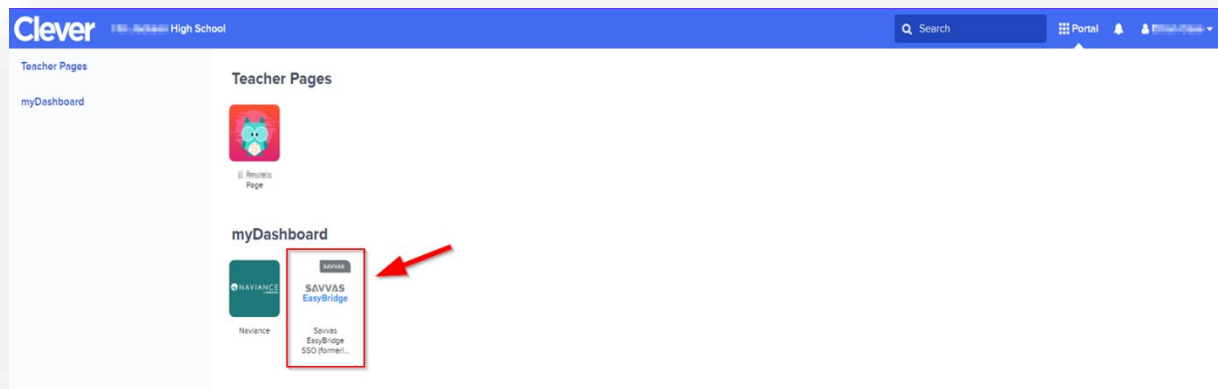

Part 2: Students click the link that teachers added to their Canvas Course to access the EPS Clever Portal

1. Direct your students to click on the Redirect link you created in the previous section.

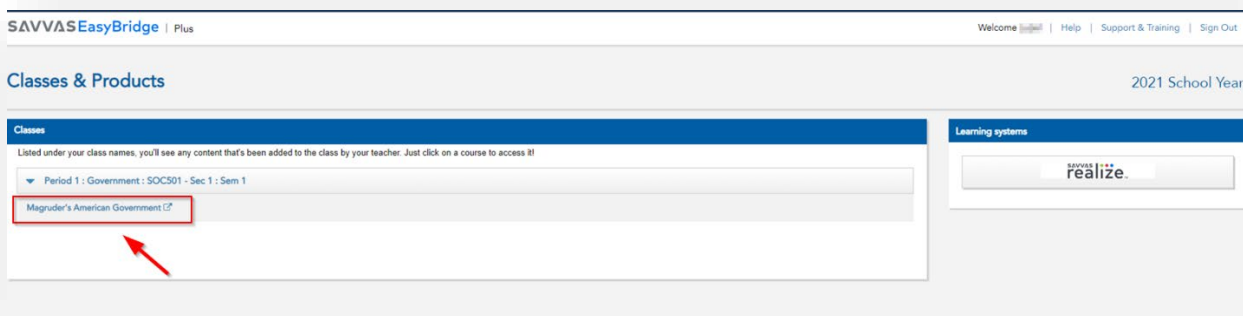

2. When prompted, students should click the “Sign in with your district id and password” Button.
- Their login will be their Student ID number and district password.**

3. After logging into Clever, they will see their personalized Clever Dashboard view. To access Savvas, direct them to click on the Savvas EasyBridge tile.

4. Once Savvas EasyBridge has loaded, click on the Course/Textbook Link

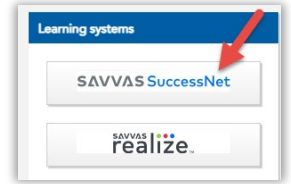

Troubleshooting:

If you or your students receive an error message stating that either A. Savvas has logged you in but is not sure where to send you, or B. There are no classes for you yet in Realize, closing the window and trying to login the same way again should resolve the issue. If you continue to experience this or have other issues regarding your access, please submit a Helpdesk Web ticket.

ASSIGNING PRODUCT(S) TO YOUR CLASS

Step One: Teachers add products to their classes.

Step Two: Either click on Successnet for K-5 Math curriculum or Realize for Social Studies and Spanish curriculum.

Q: How do I set up my classes to start the year?

A: As you begin a class each year you will Assign Product

1. Log in to Savvas EasyBridge
2. Navigate to a Current classes (if before a term, go to Future classes)
3. Select Assign Product
4. Find the right product on Savvas Product list
5. Check all boxes that apply to the course and scroll to bottom – make certain to hit SAVE

*Specialists, administrators and other staff who do not have assigned classes in eSchool– you need to request access by emailing LMSStaff@everettsd.org.
