

We have received numerous requests for the ability to share with students their individual test results in Performance Matters. This functionality is now available.

1. When creating a test, make sure that the Restrict Item Results from the Portal box is unchecked. If you did not create the test, you may not have permission to edit this.

Assessment Category

EPS Formative

☐ Restrict Item Results from the Portal

Course Types

2. After your students have taken the test, in OLA Student admin, filter by Finished students only. You can filter by clicking on the number of finished students. Click on the blue box titled "Include Item Results in Portal".

OLA Student Administration

Test Title: EPS\_MTH317\_SequencesFunc.2020 (3005196,2120411)

Unassigned	Assigned	Locked	In Progress	Submitted	Finished
5,023	2	0	1	0	27

Choose an action:   
 Class: Filter by class   
 Student: Filter by student ID or name

Student ID	Student Name	Status	Items Answered	Include Item Results in Portal
111111	Ahmad	Finished	7/7	<input checked="" type="checkbox"/>
222222	Brooklyn	Finished	7/7	<input checked="" type="checkbox"/>
333333	Carlos	Finished	7/7	<input checked="" type="checkbox"/>

3. Finally, instruct your students to log into Performance Matters. In their portal, they will be able to find their test results under the Local Test Results tab. Clicking on the Test Review button will show your students which answers they scored correctly and incorrectly.
