

Welcome!

Entry Task:

1. Log into **Naviance**

Question: *Did you know that a potential employer spends only an average of 5-7 seconds looking at your resume?*

YOU & YOUR RESUME

Naviance Student

WHAT IS A RESUME AND WHAT
IS THE IMPACT ON MY FUTURE?

Why Create a Resume?

Some college applications require a resume

Shows experience and/or work history when applying for a part-time or full-time job

The first step in the hiring process that may or may not lead to an interview

Resume Facts & College!

Colleges ask for resumes (or activity lists) as part of their applications.

Western Washington University

Activities list

We believe that ability and potential are measured by more than grades and test scores. Help us learn how you spend your time by providing a list of your most meaningful activities and achievements in grades 9-12. This could include areas like: community involvement, volunteer experience, employment, athletics, extracurricular clubs, arts, family responsibilities, or special awards and recognition.

Please list your activities in order of importance to you and be sure to include:

- The name of the organization or involvement
- Your position or role
- How long you have participated
- A short description about the activities that are most significant to you. You do not need to describe all activities.

If you submit your application online, you can either upload your activities list to your application or type the list directly within the online form. If you apply using the paper application, please attach your activities list to your application. There is no prescribed format for your activity list, but you can see some [activities list examples here](#).
