

PROPOSED REVISION

STUDENTS

Student Fees, Fines, and Charges

Student fee schedules for schools must be approved on an annual basis. Each school shall submit an annual report which indicates the fees imposed and collected by each department. In establishing fees for classes, the following guidelines shall be used:

- A. Class registration literature shall describe fees for each class or activity and the process for obtaining a waiver or fee reduction.
- B. A fee may be collected for any program in which the resultant product is in excess of minimum requirements and, at the student's option, becomes the personal property of the student. Fees may not exceed the cost of the materials. The district shall furnish materials for those introductory units of instruction where a student is acquiring the fundamental skills for the course. A student must be able to obtain the highest grade offered for the course without being required to purchase extra materials.
- C. A fee may be collected for personal physical education and athletic equipment, apparel and towels or towel service. However, any student may provide ~~his/her~~ **their** own if it meets reasonable requirements and standards relating to health and safety.
- D. A reasonable fee, not to exceed the actual annual maintenance cost, for the use of musical instruments and uniforms owned or rented by the district may be collected.
- E. Students may be required to furnish personal or consumable items including pencils, paper, erasers and notebooks.
- F. Security deposits for the return of materials or equipment may be collected. Provisions shall be made to return the deposit when the student returns the item at the conclusion of the school term.
- G. A fee may be collected for a unit of instruction where the activity necessitates the use of facilities not available on the school premises, and participation in the course is optional on the part of the student. A waiver or fee reduction need not be offered for such activities.
- H. A fee may be collected for the repair or replacement of district-issued student laptops, tablets and Chromebooks as part of the one to one (1:1) technology program. **In accordance with Procedure 3245P and the Technology Handbook for Students and Parents, students will be charged for any missing or damaged equipment including the tablet, keyboard, power supply and cable, student bag and digital inking pen(s).** This fee will be equal to the actual cost of the repair or replacement.

Fees shall not be levied for:

- A. Textbooks (non-consumable) which are designated as basic instructional material for a course of study.
- B. Instructional costs for necessary staff employed in any course or educational program.
