STRATEGIC PLANNING

Diversity, Equity, Inclusion, and Belonging

Everett Public Schools is a diverse, inclusive, and equitable school district where all students, employees, and volunteers, whatever their gender, race, ethnicity, national origin, age, sexual orientation or identity, education or ability should feel valued and respected. The district respects diverse life experiences, heritages, and values, and welcomes the many languages and dialects spoken by its students, employees, and volunteers. All students, employees and volunteers should feel safe, healthy, engaged, and supported by the district.

The district is committed to a nondiscriminatory approach and equitable outcomes for all. We acknowledge the historical role educational institutions have played in creating and implementing policies and practices that result in predictably lower academic and graduation outcomes and disproportionate disciplinary action for students of color. We recognize these disparities contradict our beliefs and values about what students can achieve, and we affirm the important role of adults in ensuring conditions for success. We are committed to removing barriers, and to ensuring students access, opportunity, and inclusion throughout our system.

The district will work to eliminate inequitable practices aggressively and efficiently within our system. We will allocate resources to provide equitable education and environments to all children and families regardless of gender, race, ethnicity, national origin, age, sexual orientation or identity, education, or ability.

The Board commits to:

- Provide system-wide direction, support, oversight, and shared accountability to advance equity and eliminate inequities in Everett Public Schools.
- Affirm, inspire, and serve each student in our diverse population, especially students who have been marginalized through race or other means, and students who face significant barriers.
- Create opportunities and remove barriers to identify and nurture strengths in each student and to ensure our community can in turn be strengthened by each student.
- Provide ongoing board development and learning opportunities about inequities and biases that impact students, staff, and families in our community, and about effective strategies for addressing them.
- Address inequities and biases that create feelings of fear, lack of belonging, and academic and psychological barriers for students, all of which can contribute to reduced academic participation and performance.
- Ensure our policies directly address racism and occurrences of racial tension in ways that both provide positive guidelines and expectations, and that direct development of robust reporting and investigation processes.
