

## DONATE BLOOD AT A NEARBY POP-UP DONOR CENTER

April is a time for renewal as we approach the spring season. A time for renewal calls for blood donation to help patients receive various transplants – another renewed chance at a healthy life. Without your blood donation, transplants would not be possible. [Schedule an appointment now](#) to donate blood in April!

Celebrate National Pediatric Transplant week (April 19-25) by making your next donation to ensure the safety and healthy procedure for kids in our community.
