## LANGUAGE FOR NONREFUNDABLE COSTS ASSOCIATED WITH FILEDTRIPS

*At any time when a student is being charged funds to participate in a fieldtrip activity please use the language below as it pertains to the trip type. If you have any questions, please see your group/activity supervisor.*

### Single Day & Overnight Field Trip Language

Certain single day field trips require families and the district to pay registration, participation fees in advance, and some nonrefundable deposits. If this field trip requires such fees, you will be informed by the field trip coordinator of the amounts and when such amounts become non-refundable. **If your student becomes unable to attend the field trip for any reason after a non-refundable deposit has been placed, neither the school nor the district will refund that amount to you unless the field trip venue also refunds the district. By signing below, I acknowledge this non-refundable deposit protocol and that I will have no cause for refund of any nonrefundable deposit should my student cancel participation in this field trip unless the field trip venue also refunds the district.**

### Overnight with Airfare Field Trip Language

Certain overnight field trips require families and the district to place nonrefundable deposits.
