

In the home stretch now, friends!

Thanks for all your support for our Community Resource Fair! We had about 70 families come through (and even more kids!!) and I am getting lots of positive response back from our community partners! While I was sad the Fire Department couldn't make it, the Kids Copter from Snohomish Volunteer Search and Rescue saved the day!

If you missed our last Family Support check-in, we had a great community agency, Bikers Against Child Abuse (BACA) present, and I for one was really moved by their share and the work they do. They will be dropping off info to me soon that I will get to you all.

Our next check-in will also have a guest presenter to talk about Coordinated Entry! Please mark it on your calendars! June 13<sup>th</sup>, 9-10 AM.

Check me out on twitter: AbbyMayersESD

Looking for other resources? Let me know!

Thanks for all the continued work you do every day!
