Regulation of Firearms and Dangerous Weapons on School District Property

Unless specifically authorized by this policy, it is a violation of district policy for any person to **knowingly** carry a firearm or dangerous weapon on school district property, or district-provided transportation, **or areas of facilities being used for official meetings of the school board**. This prohibition applies to any facility owned, rented, or leased by the district. If the district leases or rents part of a property for district use, firearms and dangerous weapons are prohibited on any portion of the premises where the district has the right of exclusive use.

Carrying a dangerous weapon onto school district premises, district provided transportation, or areas of other facilities being used exclusively for school district activities in violation of [RCW 9.41.280](#) is also a criminal offense. It is the policy of Everett Public Schools that the presence of firearms and other dangerous weapons in the workplace or educational environment is to be minimized as much as possible. As such, the following activities are prohibited by this policy regardless of whether such possession would violate state law, and regardless of whether the weapon is secured in a vehicle or possessed by a person with a concealed weapons permit:

1. No district employee may bring any firearm or dangerous weapon onto any school district property without prior authorization of the superintendent.
2. No person or entity renting, leasing, or otherwise being granted the right to temporarily use school district-owned property may possess, or allow its guests to possess, firearms or dangerous weapons on district-owned property.

The superintendent or designee is directed to ensure that all school and district facilities, **including those being used for official meetings of the board**, post "Gun-Free Zone" signs, and that all violations of this policy and [RCW 9.41.280](#) are reported annually to the **office of the** superintendent of public instruction.

It is the policy of this district that the presence of firearms and other dangerous weapons in the workplace or educational environment is to be minimized as much as possible. As such, the following activities are prohibited by this policy regardless of whether such possession would violate state law, and regardless of whether the weapon is secured in a vehicle or possessed by a person with a concealed weapons permit:

- 1. No district employee may bring any firearm or dangerous weapon onto any district property without prior authorization of the superintendent.**
- 2. No person or entity renting, leasing, or otherwise being granted the right to temporary use of district property may possess, or allow its guests to possess, firearms or dangerous weapons on district premises. This provision does not extend to a property rented or leased as a personal domicile**
