REPRESENTING WASHINGTON'S PUBLIC BACCALAUREATE INSTITUTIONS

Washington's Public Baccalaureate Universities and College

Implement Permanent Test (SAT/ACT) Optional Policies

May 2021

We are proud to announce all Washington public baccalaureate institutions will be permanently SAT and ACT test optional beginning fall 2021.

We affirm that students will not be penalized during the admissions process nor will student eligibility for institutional supported scholarships, course placement or admissions to Honors programs be impacted due to the absence of a SAT or ACT standardized test score.

Together, we strongly support a holistic approach to admissions focused on the whole student and will not disadvantage any student without a test score. We hope that students will continue to seek challenges in high school, stay engaged in their schools and local communities, reach out to our institutions and explore the array of academic programs on our campuses.

The decision to move to permanent test optional policies reaffirm our sector's commitment to reduce barriers for students. Further, as we enter a period of post-COVID-19 recovery, we continue our commitment to learn from this historic challenge and embrace long-term changes that best serve our students and state.

Continuation of testing policy:

Harvard's optional testing policy will remain in effect for all applicants through to the Harvard College Class of 2030. The past admissions cycle — for the Class of 2026 — was the second in which students were able to apply to Harvard without submitting standardized testing scores. Consistent with Harvard's whole-person admissions process, standardized tests are just one factor among many considered. Students who do not submit scores will not be disadvantaged in their application. test-optional policy.

I'm not a California resident. Am I required to submit SAT/ACT test scores?

No, UC will not consider ACT or SAT test scores for admissions decisions or the awarding of scholarships for any applicants. If you choose to submit test scores as part of your application, they may be used for course placement after you enroll.

WUE

The Western Undergraduate Exchange

ATTEND COLLEGE IN THE WEST FOR LESS

What is WUE?

The Western Undergraduate Exchange (WUE) is a tuition-savings program that makes attending out-of-state colleges and universities more affordable for students. Through WUE, you receive a reduced tuition rate, giving you more education options for your money. **Virtually all undergraduate degrees are available.**

160+
INSTITUTIONS

\$10,895
AVERAGE SAVINGS
PER STUDENT

How does WUE work?

Participating two- and four-year public colleges and universities across the Western U.S. agree to charge out-of-state students no more than 150 percent of the institution's in-state tuition. Tuition savings may vary depending on the college or major.
The bottom line: You save big with WUE and almost always pay less than out-of-state tuition.

How do I get started?

Check your eligibility by home state/territory, college and major through our online **WUE Savings Finder**. Visit wuesavingsfinder.wiche.edu or use the QR code.

Meet the college's WUE admissions requirements and deadlines.

Apply directly to the college(s) of your choice.

→ **Contact the college** - it's the best source of information about how you can save money through WUE.
