On your sticky note:

Think of when you were just starting middle school.

Write one piece of advice you would give your younger self.

AFFORDING MY FUTURE

Naviance Student

FUTURE EDUCATION & TRAINING

Education & Training Cost \$\$

After you graduate high school any class/training course you take will cost money!

Just to attend a class at college and learn the content, you will pay **tuition and/or fees**. (This doesn't take into consideration any living expenses.)

Public 2-Year College	Public 4-Year College	Private 4-Year College	Out of State Public 4-Year College
\$3,881	\$11,841	\$45,140	\$58,195
  	  	  	 HSBP GR 8

WHY PAY?

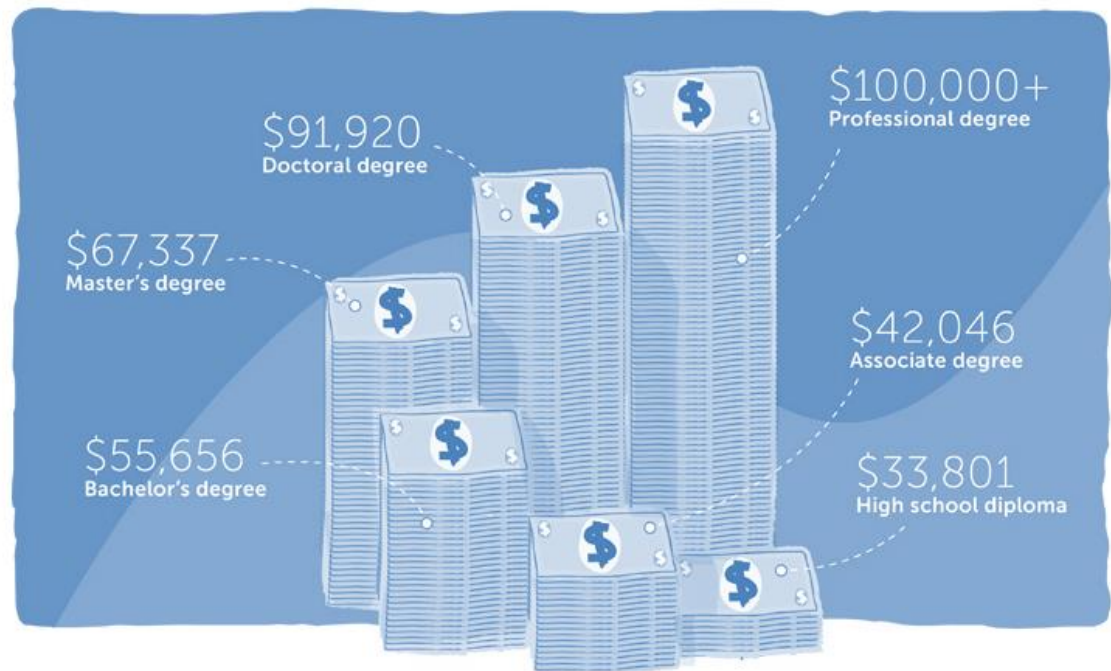

Education & Training = Earning Potential

Did you know that your *earning potential* for the future is tied to your education and training after high school?

It pays to continue your education or training!!

Learn More, Earn More

People with more education earn more money. Here are annual earnings based on degree:

Source: U.S. Census Bureau

Note: Chart shows 2008 median earnings for full-time workers at least 25 years old.

What do These Terms Mean?

Term	Definition
Community College	<u>Two-year Associate Degree</u> programs in academic, scientific, and technical fields.
Technical/Trade College	One-to-two-year <u>programs</u> providing training for skilled, trade and high-tech workers preparing for a career in the high-tech industry.
Associate Degree	A <u>two-year</u> degree earned for an undergraduate course of study.
University	<u>Four-year programs</u> that offer the widest variety of class subjects and levels. Students can earn Bachelor's Degree and advanced degrees in specialized fields.
Bachelor's Degree	An academic degree earned for an undergraduate course of study that normally requires <u>three to five years</u> of coursework.
Masters Degree	An academic degree earned <u>after</u> a Bachelor's Degree in a specific field of study or profession.
Doctorate (PhD)	The highest level of academic degree and can be earned in almost any subject area not just medical fields.
Tuition	The <u>money you pay</u> to take classes in college. In state is less expensive than out of state.
Education and Training	<u>Cost of taking courses</u> to be trained in a specific area and vary by type.

Money, Money, Money!

Financial aid is money that the government and other organizations give or lend to you to pay for education and training.

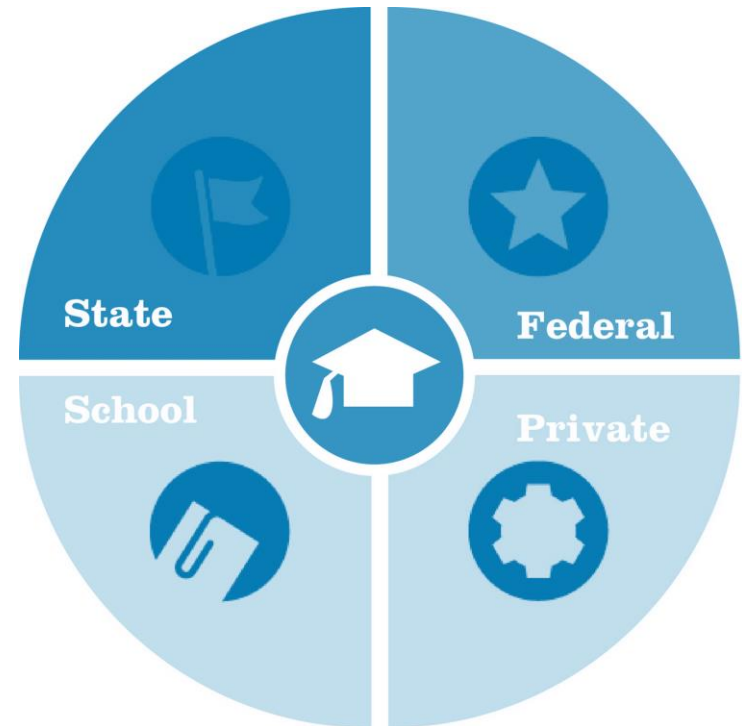

To qualify for financial aid, you have to apply during your senior year in high school.

Where Does it Come From?

Financial aid comes from these sources:

- **Federal government** (the largest source)
- **State governments**
- **Colleges and universities**
- **Private organizations**, such as companies, clubs and religious organizations
- **Banks and lending companies**

Financial Aid Types

Scholarships are called **gift aid** because they **do not** have to be paid back.

A **loan** is when you borrow money from a bank that you **do** pay back over time.

Grants are called **gift aid** because they **do not** have to be paid back.

The **Federal Work-Study Program** offers paid part-time jobs to help students pay for college costs.

Are You a College Bound Scholar?

The College Bound Scholarship is an early commitment of state financial aid to eligible students who...

- **Sign up in 7th or 8th grade**
- Fulfill the College Bound pledge

What do I get with the scholarship?

Once you apply for financial aid as a **senior** the scholarship will pay the average tuition cost at a public college including some fees and a small book allowance.

Where can I use it?

- Public community and technical colleges
- Public four-year colleges and universities
- Independent colleges and universities
- Private career colleges

Are There Ways to Save?

There will be opportunities in high school to earn college credit and ultimately save you money later!

Opportunities	When can I start?
Sno-Isle Tech	11 th -12 th grades
College in the High School	9 th – 12 th grades
Advance Placement	9 th -12 th grades
Running Start	11 th -12 th grades

8th Grade HSBP Survey

Based on your what classes you plan to take next year and your post-secondary plan after high school, answer the following questions:

High School Graduation: 24 Credits and Career-Related Electives *

Students need to earn 24 credits to graduate from high school. You have choices about the courses you can take to reach 24 credits. Below are questions related to choices available to you based on your future career interests. *For your third year of math, you have the following options: Option A: Colleges and universities expect students to enter with a minimum of Algebra II; I plan on taking Algebra II. Option B: I am interested in a career and education pathway that does not require Algebra II; I am planning on taking the following career-related math course to meet the high school graduation requirement for a third year of Math (1.0 credit).

- ☐ I choose Option A. I plan to take Algebra II.
- ☐ I choose Option B. I plan to take a career-related math course.

High School Graduation: 24 Credits and Career-Related Electives *

For your third year of science, you have the following options, based on your career interests and goals: Option A: Colleges and universities expect students to enter with a background in Biology, Physics, and Chemistry; I plan on taking these courses. Option B: I am interested in a career and education pathway that does not require this science sequence; I am planning on taking career-related science courses to meet the high school graduation requirement for the third year of Science.

- ☐ I choose Option A. I plan to take Biology, Physics and Chemistry.
- ☐ I choose Option B. I plan to take a career-related math course.

Career-related electives (or Personalized Pathway Requirements-PPRs) are classes that further your own interests and align with your High School and Beyond Plan. They are career-related electives. *

*You have the following PPR options for World Language: Option A: Colleges and universities expect students to enter with a minimum of two years of a World Language; I plan on taking two years or more of a World Language (2.0 credits). Option B: I am interested in a career and education pathway that does not require two years of a World Language; I am planning on taking two career-related electives (PPR) (2.0 credits, World Language PPR option).

- ☐ I choose Option A. I plan to take two years or more of a World Language.
- ☐ I choose Option B. I plan to take two career-related electives (PPR).

Career-related electives (or Personalized Pathway Requirements-PPRs) are classes that further your own interests and align with your High School and Beyond Plan. They are career-related electives. *

*You have the following PPR options for Fine Arts: Option A: I plan on taking two or more years of Fine Arts (2.0 credits). Option B: I plan on taking the minimum of one year of Fine Arts (1.0 credit) and up to one career-related elective.

- ☐ I choose Option A. I plan to take two years or more of Fine Arts.
- ☐ I choose Option B. I plan to take one year of Fine Arts and one career-related elective (PPR).

What are the graduation requirements?

High School & Beyond Plan

- Each year through Naviance, starting in sixth grade
- Culminates in College and Career Readiness Seminar
- Includes high school and postsecondary planning

Credit & Subject Area Requirements

- 17 core credits
- 3 Personalized Pathway Requirements (flexible credits)
- 4 elective credits, including College and Career Readiness Seminar

Graduation Pathway Options

- Options to demonstrate postsecondary readiness in English Language Arts and Math through tests and courses

8th Grade HSBP Survey

For your Graduation Pathways in each area, check at least one for Math and one for ELA.

MATH - In addition to earning 24 credits, and earning those credits in specific subject areas, I must also meet a Math graduation pathway to graduate from high school. *

- ☐ Meet standard on math Smarter Balanced Assessment
- ☐ Meet standard on math WA-AIM
- ☐ Complete and qualify for college credit in a dual credit math course
- ☐ Earn credit in a high school math transition course (Bridge to College Math)
- ☐ Earn a C+ or high in a qualifying AP math course OR 3 or higher on an AP Math exam
- ☐ Meet standard on SAT OR ACT in math
- ☐ Meet standard on Armed Service Vocational Aptitude Battery (ASVAB)
- ☐ Complete a qualifying sequence of career and technical (CTE) courses

ENGLISH - In addition to earning 24 credits, and earning those credits in specific subject areas, I must also meet an English Language Arts (ELA) pathway to graduate from high school.

- ☐ Meet standard on ELA Smarter Balanced Assessment
- ☐ Meet standard on ELA WA-AIM
- ☐ Complete and qualify for college credit in dual credit ELA course
- ☐ Earn a C+ or higher in qualifying AP ELA course OR 3 or higher on an AP ELA exam
- ☐ Meet standard in SAT OR ACT in reading, writing, or English
- ☐ Meet standard on the Armed Services Vocational Aptitude Battery (ASVAB)
- ☐ Complete a qualifying sequence or career and technical (CTE) courses

Additional help from your counselor is also available based on your individual plan.
