## Multilingual Learner Department

May 2024

### EPS Secondary SIOP Cohort Overview

#### What is SIOP?

- SIOP is a research based instructional model that:
- Can improve academic literacy of multilingual learners
  - Provides a framework for well-designed and delivered lessons in any content area
  - Is effective in general education classrooms to provide meaningful access to academic content
  - Is designed to be flexible
  - Is supportive of all students but **ESSENTIAL** for multilingual students

#### What is the purpose of EPS Secondary SIOP Cohort?

- The SIOP Cohort will be a group of secondary teachers that are committed to eliminating the opportunity gap for multilingual learners by developing understanding of the SIOP Model including:
- SIOP Components and Associated Features:
    - **Component 1:** Lesson Preparation (6 Features)
    - **Component 2:** Building Background (3 Features)
    - **Component 3:** Comprehensible Input (3 Features)
    - **Component 4:** Strategies (3 Features)
    - **Component 5:** Interaction (4 Features)
    - **Component 6:** Practice & Application (3 Features)
    - **Component 7:** Lesson Delivery (4 Features)
    - **Component 8:** Review & Assessment (4 Features)
  - How it provides access to core grade level content standards.
  - Incorporating the use of strategies, scaffolds and specific instruction related to the academic language of the content.

#### What is the time commitment?

- Full day, paid session, in June to launch to cohort with a focus on **SIOP Component 1: Lesson Preparation** and the 6 corresponding features.
- Monthly 1 hour Zoom sessions prior to release days to review the previous component and prepare for the release day.
- Monthly release days with a focus on each of the seven remaining SIOP component areas and corresponding features.

#### What are the expectations?

- Complete the application.
- Commit to attend every session.
- Implement the SIOP Model in your classes.
- Advocate for professional learning opportunities for your building.
- Collaborate with ML Facilitators to provide professional learning opportunities for your staff.
