

STUDENTS

Non-District Provided Transportation

Student Driving/Bicycles/Wheeled Recreational Devices

High school students may drive motor vehicles to and from school. Vehicles may not be driven during the school day for school related activities without the consent of the parent and principal. Students may not transport another student during the school day unless consent has been granted by both driver and passenger's parents.

A student may use the school parking lot subject to the following conditions:

- A. The student must possess a valid Washington driver's license or intermediate license and must register the car in the school office.
- B. Students may not occupy a vehicle (without school permission) during the school day.
- C. In terms of student conduct rules, "possession" of alcoholic beverages, illegal chemical substances or opiates, firearms or a dangerous weapon shall also extend to a student's vehicle.

When transportation is provided by the district during the school day for non-athletic, school-related activities, the student is required to use it. When transportation is not provided and the student chooses to transport himself/herself, a Private Vehicle to and from District Activities form (3241P, Page 2 of 2) must be completed and submitted to the school office, e.g., job shadows, internships, and Running Start students who leave campus and return during the student day.

If the driver of the private vehicle possesses an intermediate license, he/she must have been licensed for at least six months and may transport no more than three passengers who are under the age of twenty.

Bicycles, Scooters, Skateboards, Hoverboards and other Wheeled Recreational Devices

Students in grades three and above are allowed to ride bicycles to and from school. Skateboards, hoverboards, scooters, roller blades and similar devices may not be ridden on district property and the district cannot be responsible for the loss or theft of these devices or any other student property. Each building will develop its own rules and procedures for disposition of wheeled recreational devices, including wheeled shoes that are brought onto the campus during school hours.

Conformance with Rules

A student who does not conform to the above rules shall be subject to discipline ([Procedure 3300P](#)).

Communication

These procedures will be communicated to students and parents annually.
