

# Strategic Plan Initiative

**CONSISTENCY & ACCOUNTABILITY — D.1.a** Define the essential practices and structures that support student success and will be held in common across the district.

**SUMMARY** — By ensuring accountability for common district practices and structures, this initiative links to the Consistency and Accountability theme of the strategic plan, which supports the six priority student outcomes.

## COMPLETED:

- ✓ Innovation website
- ✓ Innovation tool kit
- ✓ Repository for innovation submissions

Creating and implementing new and improved ideas with the intent to change practices to work more efficiently, address challenges and have a positive impact to the district in support of students, staff, and community.

## RESOURCES:

- Innovation website
- Strategic Plan link

*“Creating a place for students to dream up, design, and execute projects on independent and collaborative levels. In return, we are seeing a greater sense of community and student engagement in our building”*

## STUDENT IMPACT:

- Increased engagement
- Encourages greater creativity to demonstrate learning
- Strengthens connections with the community
- A greater sense of belonging
- Critical thinking and sense of adventure

## STAFF IMPACT:

- Supporting creative ways to serve students
- Transforming and reconstructing the learning environment
- Sustaining students' attention to keep them motivated in the classroom
- Encourage students to research, explore and use available resources to uncover something new
- Opportunities to learn new things and take risks in their learning and teaching
