

JHS bus lineup

This is a very busy load zone, please be patient and courteous to your fellow drivers.

Special Needs includes- 106, 110, 111, 112, 113, 114, 115, 118, 119, 127, 128, 135, 136, 144

Special Needs are up front by the portables. Regular Ed will start at parking at the cross walk behind special needs, please angle in.

PM – Leave the yard at your assigned time so you are in order on arrival. At 2:03 **all buses** need to pull forward and close up the line. We do not want buses moving around once the bell has rung. Late buses will be at the back of the chute.

AM – Pull as far forward as possible to drop. Do not stop in the curve and drop. The 1st bus can pull up to the crosswalk. **DO NOT** drop students between the dumpster and 136th! This is not a safe path for students. Wait for buses in front of you to leave then pull forward.

NO LAYOVERS IN THE MORNING. Drop your students, do your child check and get out of the chute. We have too many buses coming into this load zone to accommodate layovers.
