

Jackson High School named to Advanced Placement School Honor Roll

Recognized for student success in the Advanced Placement program while broadening access

Mill Creek, WA – The College Board announced that Henry M. Jackson High School has been named to the 2024 Advanced Placement® Program (AP®) School Honor Roll, earning a Silver distinction.

The AP School Honor Roll recognizes schools whose AP programs are delivering results for students while broadening access. Schools can earn this recognition annually based on criteria that reflect a commitment to increasing college-going culture, providing opportunities for students to earn college credit, and maximizing college readiness.

Jackson High School had 65% of seniors in the class of 2024 who took at least one AP Exam during high school, 35% of seniors scoring a 3 or higher on at least one AP Exam, and 22% of seniors who took five or more AP Exams!

"We are proud to announce that Jackson High School has earned a Silver distinction on the 2024 AP School Honor Roll. This recognition shows our commitment to helping all students succeed in challenging coursework," said Dr. Ian Saltzman, superintendent. "Our students and teachers have worked hard, and this achievement reflects their dedication and effort."

"AP gives students an opportunity to engage with college-level work, to earn college credit and placement, and to potentially boost their grade point averages," said Trevor Packer, head of the AP program. "The schools that have earned this distinction are proof that it is possible to expand access to these college-level courses and still drive strong performance – they represent the best of AP."

College Board's Advanced Placement® Program (AP®) enables students to pursue college-level studies—with the opportunity to earn college credit, advanced placement, or both—while still in high school. Through AP courses in 38 subjects, each culminating in a challenging exam, students learn to think critically, construct solid arguments, and see many sides of an issue—skills that prepare them for college and beyond.
