September 26th, 2024

haʔt sləxil (Good day),

The Hibulb Cultural Center in Tulalip is hosting our first Educator's Night event since COVID on October 17th, 2024. We would love if any teachers or staff members that work in classrooms in your school could join us. During the event we will be sharing curriculum designed by our team at the Hibulb, sharing resources for teachers, and more. There will also be food!

We would greatly appreciate if you could post the attached flyers for the event in spots where teachers and classroom support staff members will see it. We hope to see some representation from your school at the event. ☺

tigʷicid (thank you),

Ana Ramirez
Education Curator
