

Join us for Colleague AI for Educators

Join our 3-part series designed specifically for educators. Discover how Colleague AI can revolutionize lesson planning, enhance student engagement, and streamline your workflow.

Session 1: Discover Colleague

Thursday, January 23, 2025 | 4:00pm–5:30pm | Zoom

Kickstart your journey with Colleague AI! Familiarize yourself with the fundamentals of this innovative tool. Learn how to generate dynamic, standards-aligned lesson plans through prompt engineering. Gain insights into evaluating AI responses and correcting potential errors.

Session 2: Deep Dive into Lesson Planning

Thursday, January 30, 2025 | 4:00pm–5:30pm | Zoom

Explore the advanced capabilities of Colleague AI! Learn to create, refine, and enhance standards aligned lessons to support diverse learners, promoting meaningful mathematical thinking and phenomenon-based science learning.

Session 3: Best Practices and Applications

Thursday, February 6, 2025 | 4:00pm–5:30pm | Zoom

Elevate your skills in generating assessments and rubrics, grading student responses, and integrating Colleague AI into your classroom.

Register now! The first 25 participants to register on pdEnroller AND attend all three sessions will have the option to have their clock hours paid for this course.

TO REGISTER, VISIT: [pdEnroller #179304](#)

Don't miss this opportunity to transform your teaching with Colleague AI!

Price: \$0.00

Registration Ends: Thursday Feb 6, 2025 @ 4 p.m.
