

LEADING HIGH SCHOOL TRANSITION MEETINGS

HS Transition Meetings | March 2025

- Support our students as they transition from Middle School to High School
- Create a sense of community, proving a warm and welcoming introduction to High School Staff
- Verify appropriate course selection
- Provide an opportunity for students to provide input on what sports they may be interested in participating in during high school

Purpose of Transition Meetings

Table Set Up:

- Middle School and High School Staff at each table
- Laptop and a screen set up at each table
- Resources at each table

Overview of the Process:

- Greet the student/guardians
- Welcome them to their new school
- Look at their course plans
- Student logs into HAC
- Team makes sure all requests are entered to meet the needs of the student

New Courses

SOC393/394 AP African American Studies

AP African American Studies is an interdisciplinary course that examines the diversity of African American experiences through direct encounters with authentic and varied sources. Students explore key topics that extend from early African kingdoms to the ongoing challenges and achievements of the contemporary moment. Students will develop skills across multiple fields, with an emphasis on developing historical, literary, visual and data analysis skills. This course foregrounds a study of the diversity of Black communities in the United States within the broader context of Africa and the African diaspora.

CTE703/704 Cisco Networking Academy II

This course includes a focus on switching technologies and router operations that support small-to-medium business networks, wireless local area networks (WLANs), and security concepts. Students will be able to perform basic network configuration and troubleshooting, identify and mitigate LAN security threats, and configure and secure a basic WLAN.

CTE705/706 Cisco Networking Academy III

The third course in the Cisco Network Academy describes the architectures and considerations related to designing, securing, operating, and troubleshooting enterprise networks. This course covers wide area network (WAN) technologies and quality of service (QoS) mechanisms used for secure remote access. Students are introduced to software- defined networking, virtualization, and automation concepts that support the digitalization of networks. Students gain skills to configure and troubleshoot enterprise networks and learn to identify and protect against cybersecurity threats.

NJR505/506 NJROTC: Drill Dynamics & Fitness

This course provides students the opportunity to learn about military drill by exploring history, learning basic drill movements, developing fitness for performances, and creating original choreography for basic, advanced and open drill events.

ALT171/172 Latinos In Action I

Latinos In Action (LIA) is a class designed to empower Latino youth. Students in the class will develop confidence and professionalism to lead and strengthen their communities and establish college and career readiness. This class will allow students an avenue to develop essential leadership and mentoring skills.

ALT271/272 Latinos In Action II

Latinos In Action (LIA) is a class designed to empower Latino youth. Students in the class will develop confidence and professionalism to lead and strengthen their communities and establish college and career readiness. This class will allow students an avenue to develop essential leadership and mentoring skills.

ALT355 Paid Work for Elective Credit

Students who are 16-years old or older and are legally eligible for paid employment may earn up to 2.0 credits through this course. The work experience must be approved in advance. Students will need to submit documentation of paid legal employment, student narrative, and demonstration of proficiency of the Washington State High School Financial Education Standards. 180 hours of approved work equals 0.5 credit.

Sense of Belonging: Opportunity to participate in athletics

I recommend participating in a sport because it can help you find friends really easily, it will help you find your people, and it gives you access to older upperclassmen who can help give you tips and tricks on how to get through school.
