

ASB Budget Packet MEMO

To: Activities, Clubs, Sports Advisors and Coaches

From: Athletic Director, ASB Administrator, Activities Director/ASB Advisory, ASB Treasurer/Office Manager, & ASB Student Executive Board

Re: 2025-26 Budget Planning

It's time to budget plan for next school year. Please submit this packet to the Athletic Director, or ASB Administrator.

The Budget Committee needs your information by: _____

Attached you will find the budget packet. Please take time to carefully complete each page and keep in mind the following:

- ASB funds are student money and students need to complete this packet with their Advisors.
- This is for all clubs and sports who currently run money through ASB or plan to.
- If you do not ask now, we cannot allocate funds later.
- This is to specifically build capacity within your budget.
- **Please understand your group is responsible for generating the money to purchase items that your ASB allocation does not cover and approval of your budget does not mean you will get the amount requested. It means we have built the capacity in your budget.**
- You are still required to submit purchase orders (prior to purchase) and field trip paperwork (signed off by ASB for spending verification) for any items/trips that will be purchased for your activity/sport.

Please prioritize your requests with the #1 item being the highest priority to your program, #2 being the second in priority, etc.

Please remember that due to an incredibly limited income that we are not used to, due to COVID & HB 1660, there will not be the same level of funds available to clubs & sports as in years past.

ASB funds are limited so please be realistic about what you request from ASB and think about what you might be able to generate with your own fundraising or booster organization.
