

BRING *STEM4GOOD* TO YOUR SCHOOL

Empower students to make a difference by
supporting free STEM programming!

STEM4Good is a once-per-week after-school program for students in grades 3-5 (4 weeks) and grades 6-8 (6 weeks). It empowers students to tackle local challenges while exploring STEM career and education pathways.

STEM4Good is supported by industry volunteers, and is offered at no cost for students, families, and schools.
