

EVERETT VIRTUAL ACADEMY

POWERED BY GRADUATION ALLIANCE

WHAT IS EVERETT VIRTUAL ACADEMY?

Everett Virtual Academy (EVA) is an online middle and high school program in partnership with Graduation Alliance. Designed for students who are facing barriers to attending school in-person such as medical or disciplinary reasons, students in EVA complete two classes each month to get back on track.

Students also have the ability to attend virtual and/or in-person meetups to receive extra support. Social meetups are run by Local Advocates and focus on social/emotional needs. These can be virtual or in-person. Study Session meetups are held virtually with the Academic Coaches.

Chromebooks and Wi-Fi hot spots are available to check out from Graduation Alliance at no cost.

Enrollment in this program is by invitation only. Space is very limited.
