EHS Community

Somehow this week just got away from me. I apologize for sending this update out so late in the week. It is hard to believe December is already here. December is a short month for school and the end of the semester is fast approaching on January 29th. There are quite a few things going on. This Friday, we will be having our winter sports assembly. Please email me if you would like to attend. It will save you a trip to the A building! The schedule is attached. The assembly is in the gym.

Speaking of the A building... it is turning 100 years old on January 30th. The staff, students and community members have been planning a big celebration for months. On January 30th, we will be having a 100 Year Celebration in the A building. We are reserving classrooms for each decade so that our alumni will have a place to meet and visit. We will also be having music, refreshments, and pictures. There will be an historical presentation by Larry O'Donnell in the newly renovated Little Theater. We will even have some old yearbooks on sale. We will also be kicking off the paver project. You will have a chance to purchase commemorative pavers which will be placed on campus. Mark your calendar and call all of those people you knew in high school who you have been meaning to call! It is going to be a fun day. I will send more information out soon.

Winter sports have begun in earnest. I have attached the winter sports schedules to this email. Please do watch the website for any changes. Generally winter sports schedules are very firm with the exception of inclement weather (<http://cms.everett.k12.wa.us/everett/Emergency%20Closure>).

Finally, on Monday night, December 7th, the District will be hosting the annual Financial Aid Night at Cascade High School. I highly recommend that you attend if you have a senior this year. A key presentation each year is about the federal financial aid forms or the FAFSA (Free Application for Federal Student Aid). This is truly important information. You can preview it at <http://www.fafsa.ed.gov/faq001.htm> .

If am sure that parents of younger students are welcome. I think that it is never too early to start learning about financial aid sources.

Stay warm!
 Catherine

BEING A PANELIST:

The Everett School District adopted a Culminating Exhibition (CE) as a requirement for graduation. As a sign of readiness to graduate, seniors are asked to present to a panel the highlights of their work, insights about themselves, and an understanding of how their abilities will impact future plans. These presentations are fifteen to twenty minutes in length, followed by a question and answer period. Each panel will include at least one teacher who will guide community panelists on scoring procedures. Everett High School will have several presentation opportunities for students throughout the school year and we respectfully ask for community volunteers to sit on each panel.

We are excited to invite the community to help evaluate our students' hard work. We will begin with a panelist training session. We have a new rubric this year, so it's important everyone attends training. Time will then be given for panelists to review student work before seeing the presentations. Panelists provide input to help the teacher determine if the student meets standard. To end the event, panelists, staff, and students gather in our library to celebrate.

SPREAD THE WORD:

If you know of any groups, Organizations, or clubs that would like to volunteer their time to serve on a CE panel, we would be more than happy to give a presentation to that organization explaining the CE process and the new graduation requirements. Please have them contact:
Jodie Sievers
Everett High School

"DARE TO DREAM" Students of Color Career Conference

Friday, January 15, 2010

8:30 a.m. - 1:30 p.m.

The mission of the conference is to educate and inform middle and high school students of color about various career options, and to encourage students to think big, to dream big, to believe that success through education is possible, and to believe it is well within reach. Seniors if you turn in a scholarship application, remember that you must be present to win. Scholarship is due December 11th.

More Information and scholarship application for seniors:

<https://www.everettcc.edu/resources/diversity/soccc/index.cfm?id=10898>

Field trip forms can be picked up in the Everett High Career Center – A107. They are due back to Mrs. Elder by January 4th.

Parents if you have current volunteer paperwork in and would like to chaperone, we would love to have 2 – 3 of you volunteer. Call Barbara Elder, 425-385-4436 to volunteer.

GET Ready for Math and Science Conditional Scholarship

<http://www.hecb.wa.gov/paying/waaidprgm/GETREADYformathscience.asp>

Beginning with the class of 2010, low- and middle-income high school students with top math and science test scores may be eligible for the GET Ready for Math and Science Conditional Scholarship. This is a four-year scholarship equal to the cost of tuition at the University of Washington.

Eligibility

To be eligible, you must meet the following criteria:

- **Score a 4 on the math or science section of the high school WASL - or score above the 95th percentile on the math section of the SAT or ACT.**
- **Level 4 Math score = 434**
- **Level 4 Science score = 458**
- Have a family income at or below 125% of the state median family income at the time of application. *(Example: A family of four earning \$97,095 or less, would be eligible to apply in fall 2009.)*
- Be a Washington state resident.
- Agree to earn a bachelor's degree in a qualified math or science program at an eligible Washington college or university. [Examples of educational programs.](#)
- Agree to work full-time in a math or science occupation in Washington for at least three years after college graduation. [Examples of occupations.](#)

Award

You can use your scholarship at any eligible public or private two-year or four-year college or university in Washington. The scholarship award cannot exceed resident undergraduate tuition and required state fees at the University of Washington.

Selecting Colleges: Reach, Match and Safety Schools

Junior year is the right time to begin researching schools of potential interest and to compile an initial list. Given today's competitive admissions climate, experts suggest 6 to 16 "right fit" colleges (25% - reach, 50% - match, 25% - safety) based on your academic achievements and other factors.

Reach -Match -Safety

Selecting colleges and universities that appeal to you in all three categories is a sound combination strategy to manage your risk and maintain your upside. **Reach** schools are

usually your top choice colleges, and those most difficult to get into. **Match** (or target) schools are those where you have a reasonable (typically better than 50-50) chance for admission. **Safety** schools are those where you typically are somewhat overqualified, where you will almost certainly gain admission.

Parent Resource From Sallie Mae:

The high school senior year can be exciting and overwhelming for students and their parents, especially when they are preparing for college. Share our new [video](#) with your college-bound audience. It describes the following five simple steps to help them plan for senior year:

1. Choose the right school.
2. Figure out the cost.
3. Find free money.
4. Apply for financial aid.
5. Create a payment plan.

Sallie Mae, the nation's leading provider of saving, planning, and paying for education programs, can help take the guesswork out of this year ... and provide the necessary information.
