Getting Ready for Kindergarten – Almost There!

The week before:

☑ Get the supplies requested by the school (backpack, crayons, glue, pencils, etc.)

✓ Label all personal items with your child's name in permanent ink. (Clothing, lunch box, backpack, etc.)

☑ Take any prescription medication that must be administered during the school day to the school office.

☑ Discuss plans for drop-off and pick-up in detail. (If possible, do a "practice run" prior to the first day.)

- ✓ Help make separating from you the first few days easier. Create a series of steps that you will take every day when your child goes to the classroom. For example:
 - Child puts belongings away
 - Parent describes what they will do after school and says goodbye
 - Child goes to the teacher for a greeting and parent leaves

The night before:

Review a school-day routine with your child (bath time, bedtime, wake-up time, etc.) ENFORCE BEDTIME to make sure your child will be well rested.

✓ Put clothes out the night before. Make sure that your child will be dressed appropriately for the weather and school setting.

Getting Ready for Kindergarten – Almost There!

The first day:

- ✓ Wake up in plenty of time to prepare for school.
- Have your child eat breakfast at home or make sure your child has time for breakfast at school.

☑ Review the drop-off and pick-up procedures and separation routine with your child.

- ☑ Make sure your child knows:
 - First and last name
 - Address
 - Telephone number
 - Emergency contact person's name

If your child does not know this information, write it down and keep it in the backpack, lunchbox, etc. For safety, do not place on the outside of your child's clothing.

- Arrive on time: before school starts, but not so early that there is no supervision. Remember, a long wait for class to begin can add to the stress.
- ✓ Leave your child promptly, with a positive attitude, after you have gone through your plan for separating. DO NOT LINGER!

At the end of the first day:

Greet your child at the planned time and place.

Ask your child about the day.
If you simply ask, "How was your day?"
the response will likely be "okay" or "fine."
Instead, ask specific questions such as,
"What was the best thing that happened
today?" or "Who is the funniest person in
your class?"
