A message to all staff
of Everett Public Schools
from Superintendent Gary Cohn

Congratulations

Even with different state tests and different testing conditions, the percent of Everett Public Schools students meeting standard is higher than the state average in **EVERY** subject at **EVERY** grade! That is in ...

- reading
- writing
- mathematics, and
- science

... in grades 3-8 and high school.

The work you do on behalf of EVERY student is making a difference.

Thank you!

A handwritten signature in black ink, appearing to read "Gary Cohn", with a long, sweeping horizontal line extending to the right.
