

INSTRUCTION

Field Trips

The Everett School District recognizes that field trips are natural extensions of the curricular, co-curricular, and interscholastic programs. Field trips are opportunities for students to participate in activities and gain experiences that cannot be duplicated in the classroom or on the school site. The Board of Directors encourages appropriate, carefully planned field trips that lead to new learning or reinforce what has been already learned at school.

Each student shall have an equal opportunity to participate in field trips that are taken by the student group. The availability of field trip opportunities for students is commensurate with the funds which can be allocated to support such activities. The District will strive to offer field trip experiences with a minimum of expense to the individual students.

The Superintendent shall develop procedures for the operation of field trips which will provide for the safety of the student and meet the requirements of state law or regulation. Parent/guardian permission will be obtained before the student leaves the school.
