Grade 9 Baseline Expository

Grade 9 Prompt:

Think about classes you have taken and identify one class that is memorable. Write a multiple-paragraph letter to a teacher explaining what made that class unforgettable. (For confidentiality purposes, please do not name the teacher.)

1 Dear Ms. C_____

2

3 Have you ever had a class that was so fun you remember it forever? I am going to
4 tell you about a class that was unforgettable in three paragraphs. The class was so
5 unforgettable because of the friends in the class, you were nice, and the work wasn't hard
6 to do.

7

8 First, when i first came to your class I knew it was gonna be so fun especially
9 with the people in there. Also, when I met my friends we hung out a lot in the class we
10 even got in trouble because we were having fun and laughing. It never was boring in that
11 class and you also was a very fun teacher. I thought you would be mean because you
12 looked like it everytime I saw you.

13

14 Second, you always let us have a 5 minute break when we are working hard. Also
15 whenever we had a project in class you would make it really fun and that I liked most.
16 Anytime I and my friends would talk you would just let us have a warning and not get in
17 trouble. Everyday when I'm in other classes I always want the time to go by so I can be
18 in your class because it is so fun and that is the main class i would laugh and have a good
19 time in.

20

21 Finally, when you give the class work you don't make it seem hard to do. Every
22 assignment or homework was not hard at all. Also you didn't give me a bad grade
23 because if i miss something you would tell me to make the assignment up to get the
24 credit. Alot of times though it was funny that you would even make jokes with the class

25 and I thought it was hilarious! At least you weren't a strict teacher because that would
26 really suck!!

27

28 Those were 3 paragraphs of the good times I had in your class. I will never forget
29 it at all, and I never thought your class would be my most favorite out of all the other
30 classes I had. I hope that you keep your class fun so it doesn't suck for your kids next
31 year.
