

Dear Everett Community:

In the next few weeks all students will be receiving a mid-term report card. This report card will provide a snapshot into how your student is doing academically in each class. It is our best hope that your student is doing very well. For those students who are struggling we do offer a wide variety of academic support options. In this issue we have profiled some the academic support options available to every student. We understand that learning is hard work and we need to support students in many ways. You are encouraged to work with your student to take advantage of many of these great activities.

In last weeks athletic update I neglected to mention the fantastic work of our amazing cheer squad. These young ladies brave the elements to cheer on our sports teams. They work hard to entertain the crowds, inspire our athletes and maintain a positive atmosphere at our events. The athletic department and the athletes would like to thank the cheerleaders at EHS who have supported many, many events through the fall season. Indoors, outdoors, rain or shine, they have shown that their hard work provides a positive motivation for the athletes competing on the field, floor or course and the fans who follow them.

**Academic Support**

At EHS, we offer a variety of academic support to our students. Our goal is to support each student's success and help them remain on track to graduate. Any student can get extra help to complete assignments, get tutoring around specific skills, and/or finish quizzes. This support is offered by teachers before and after school and during SSR time on Tuesday and Thursday. It is also offered through our support center during student lunches and throughout the day. The attached support form provides more information about specific times and locations of support.

**Torch Honor Society Assistance**

The EHS Torch Honor Society also supports academic success. Listed below is a letter from a one of our students with more information about this great program.

Dear Seagull Staff and Parents,

At Everett High School, setting and achieving goals, maintaining good grades, understanding concepts, and assisting others, are all top priorities. In our school, we have a society of students that demonstrates these traits well. This EHS Torch Honors Society is comprised of student members with strong understandings of all subjects. In compliance with the "scholarship" emphasis of the National Honor Society, we devote

our time to a tutoring program to help other students that struggle in certain subjects or concepts they don't fully understand or just need some assistance with their homework. By doing so, THS members are helping their fellow classmates gain the knowledge and skills they require to be successful in their classes.

Please help spread the word about our free afterschool tutoring program. We're hoping that this becomes a well-utilized program, for struggling students and for students who just want a dedicated time to study with their peers. If your student requires or would like any help in their academic subjects, we invite them to come to the EHS library from 2 p.m. to 3 p.m., Mondays – Thursdays. We will have eager and dedicated members available who will do their best to assist the students and guide them through their homework and help them study for quizzes and tests.

Sincerely,

Andy Nguyen  
Torch Honor Society  
Committee Chair

### **November Food Drive**

On Sunday, November 13th from 10am-4pm there will be a community drop-off day for members of the community to drop off non-perishable food items and money to support families in need. This is part of the EHS annual November Food Drive.

### **Athletic Update:**
