

Transportation Guidelines

June 5, 2012

Coaches are expected to communicate all transportation plans to parents/guardians and students at a pre-season meeting. At this meeting coaches will explain what transportation will be provided during the season. Coaches will specify when transportation will not be provided. Provide this information to parents/guardians in writing. Transportation guidelines are provided below.

High School

Contests starting after 4:15 PM

1. No transportation is provided to contests at Mariner, Jackson, Cascade, and Everett High Schools. Jackson High School will not have transportation to Lynnwood or Glacier Peak High Schools.
2. The District athletic director may approve coaches' requests to not have transportation to other schools not listed. Consideration will be given to travel distance and route to other schools.

Contests starting before 4:15 PM

1. Drop buses will be provided to contests at Mariner, Jackson, Cascade and Everett High Schools. Jackson High School will also have drop buses to Lynnwood and Glacier Peak High Schools.
2. Students may ride home with parents/guardians of other students. The adult driver must sign out both their student and any other student they drive home. Advanced permission is not required.
3. Coaches may request no transportation to Mariner, Jackson, Cascade and Everett.
4. Students who drive themselves must submit a completed Private Vehicle to and from District Activities form in advance.

Middle School

1. Schools should consider using drop only buses for contests. Football and track may be exceptions due to the number of participants and equipment involved.
2. Students may ride home with parents/guardians of other students. The adult driver must sign out both their student and any other student they drive home. Advanced permission is not required.

*In all cases, if a return bus is provided, students may either ride back to their school on the bus or with their own parent/guardian with coach's permission. A student may NOT ride home with someone else's parent/guardian if a return bus is provided unless the student's parent/guardian notifies the building athletic director in writing at least 24 hours in advance.
