### ***An Educational Tradition***

The *Mill Creek Jazz Festival's* mission is to enrich the education of jazz musicians through NON-COMPETITIVE activities and performances while sharing their gifts with the community at large.

**About Jackson High School . . . . .** The instrumental music program at Jackson High School is thriving. In addition to three jazz bands, there are three concert bands (one of which is an Honors class) and a percussion ensemble. Our ensembles perform at festivals and concerts in the school, community, and around the country, including places like Carnegie Hall, Disneyland, and Heritage Music Festivals. Jazz 1, under the direction of Lesley Moffat, has been a part of the KPLU School of Jazz program and CDs for the past several years. One of the annual highlights for our jazz bands is performing at Dimitrious' Jazz Alley. With over 250 students enrolled in the instrumental music classes, it is evident that music plays a leading role in a well-rounded and comprehensive education. It is exciting to host the 12<sup>th</sup> annual Mill Creek Jazz Festival and see the outstanding music education taking place in schools all over the region. Thank you for being a part of this festival.
