# Creating Accounts:

1. Go to the **Scoop.it** website at: http://www.scoop.it/
2. Click the button to **sign up.**

3. This will bring up another window that will ask you to choose an option.

4. If you do not have another social media site, click the link below the buttons to create an account.

5. When finished click the **Sign Up** button.
6. This will send a confirmation to the email you provide. You need to go to your email and click the **confirmation link** in order to activate your **Scoop.it** account.
7. When you click the confirmation link, it will bring you back to the **Scoop.it** site and give you a place to start your topic.

8. Type your topic & think of a few search terms **related** to the topic & click **Create.**

9. The site will automatically begin searching for content that you can add to your page under the heading **Suggested Content.**

10. If you find something you would like to add to your page, click on the green **Scoop.it!** button and it will add to your page.
