+ New prezi

To watch the video...
Get Started in Seconds
go to
<http://prezi.com/learn/>

2. Click the **New Prezi** button to get started.
3. Prior to creating your first Prezi, you may want to experiment with these key features:
 - a. Change the colors of the text, shapes, background or try out a template.
 - b. Insert a shape & add at least 3 items in a bulleted list inside the shape
 - c. Make sure you have at least two images that you previously saved or go locate and save two images.
 - d. Insert the images in to your Prezi & arrange them on the canvas.
 - e. Draw 3 additional shapes
 - f. When you are finished experimenting with the features, draw the path in sequential order for your presentation.
4. If you have questions click on the **Support** link at the top then go to **Get Started or Manual/FAQ.**
