### **Nonresident Students**

Any student who resides outside the district may apply to attend a school in the district.

All applications for nonresident attendance will be considered on an equal basis. The superintendent shall establish rational, fair, and equitable standards for acceptance and rejection of applications. The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. If the application is rejected, the notification shall include the reason or reasons for the right to appeal.

The district shall provide information on interdistrict enrollment policies to nonresidents on request and have copies of the superintendent of public instruction's annual information booklet on enrollment options in the state available for public inspection at each school building, the central office and local public libraries.

A student who resides in a district that does not operate a secondary program shall be permitted to enroll in secondary schools in this district in accordance with state law and regulation relating to the financial responsibility of the resident district.
