### **Cascade High robotics students to address State Senate**

*With other robotics teams, CHS students will emphasize benefit of STEM learning*

The State Senate K-12 Education Committee on Tuesday will hear firsthand from Washington students. The Cascade Bruin robotics team members and other robotics team students will help senators understand the how being involved in a FIRST Robotics Team has impacted them individually. Students will relay how robotics has made a difference in school studies, graduation and career goals.

Cascade High School Principal Cathy Woods expressed appreciation to legislative leaders for inviting students to speak to them. "This is a great opportunity for us to increase awareness of STEM programs in our state and at Cascade High School. What better ambassadors than our own students!"

Cascade Bruin Robotics is a Boeing sponsored team. They will address the Committee on Feb. 3 at 1:30 p.m.
