

Multiplying by 7

Seven is not bad

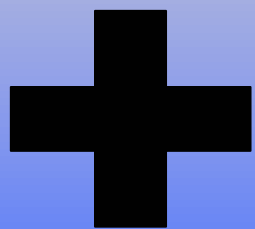

First times five then add times 2.

Out comes your answer.

What is 7×7 ?

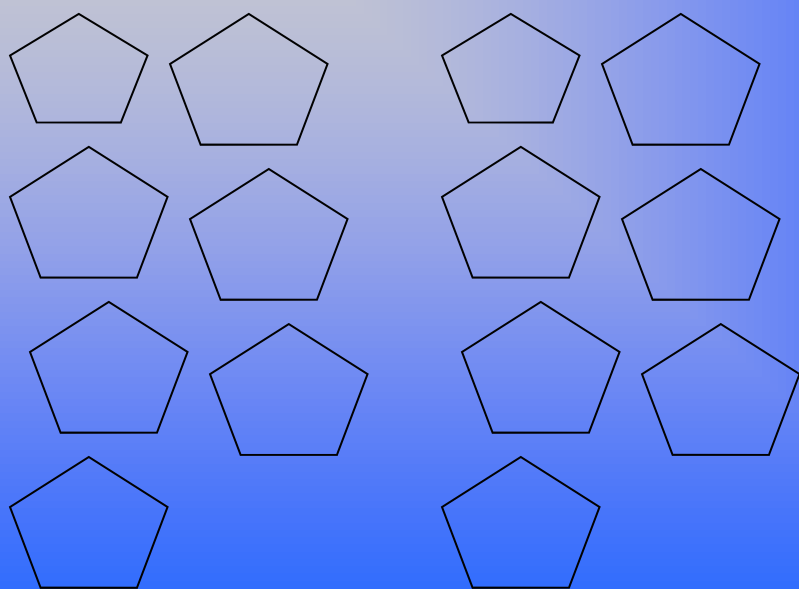

Multiply by 5 first

$$7 \times 5 = 35$$

Then multiply 7×2 to find
your answer.

$$35 + 14 = 49$$

What is 7×8 ?

$$(5 \times 8) + (2 \times 8) =$$

$$40 + 16 = 56$$

Challenge:

What is 7×11 ?

7×30 ?
