The best part of a rainy day is playing outside. In the rain, you can <sup>stomp</sup> stop in the puddles and find worms in the dirt.

My favorite gingerbread

Conclusion	→ Dogs are great

qualities

Dogs have many ~~things~~ that make them good pets. In my opinion dogs are the best pet to have! First they're helpful. For example they can be guide or service dogs.

Also, water doesn't stick to them because

they have two layers of fur. Dogs are full of energy so they are very playful. These are the reasons I think dogs are great pets.

Sunny or snowy days

Hook: choose the weather  
Opinion: Snowy!

Reason: play in the snow  
• make snowmen  
• snowball fight  
• go skiing

1.

Reason: drink hot coco  
• stay warm  
• yummy

2.

Conclusion: no control  
love snow

## Second Grade - Opinion - Third Quarter

If you could choose the weather, would you <sup>prefer</sup> ~~perfer~~ a sunny day or a snowy day? I would choose the snow over the sun anytimes!

One reason I prefer the snow is that you get to play outside by building snowmen, having a snowball fight or going skiing. Another reason I prefer the snow is that you get to drink hot cocoa with marshmallows.

Drinking hot cocoa will help you stay warm on a cold winter day. Plus it's yummy

too! I know I can't control the weather but I do love snowy days to play in the snow and drink hot cocoa.

## Second Grade - Opinion - Fourth Quarter

Wampanoag or Pilgrim?

Have you ever wondered what life would be like in America in the 1620s?

If I could choose between the life of a Pilgrim and the Wampanoag, I would choose a Wampanoag's life.

One reason is that I would like to work on a farm. For example I would like to plant seeds and grow <sup>beans</sup> ~~beens~~ and corn. Another reason I would rather live as a Wampanoag is because I would get to

sleep under a fur blanket. I would enjoy sleeping under a cozy fur blanket on a cold night. A final reason for my choice is that I would like to make jewelry out of shells and beads. Wampanoag's lived a life without electricity, cars or computers, but they had what they needed to live. Would you want to live the life of a Wampanoag or a Pilgrim?
