This year more than 300 students from Cascade, Everett and Jackson High school take part in Career and Technical Student Organizations connected to the schools' STEM and Career and Technical Education (CTE) classes and made possible through federal funding. In these after school, competitive groups, students apply what they learned in class to competitions that often take place away from their schools.

Watching 'Salmon: the Musical' starring the students of Mrs. Peterson's 4th-grade class!

Wonderful songs about salmon! We all learned how salmon are hatched from eggs, grow in the river, make their way to the ocean and miraculously find their way home to spawn and lay eggs ... continuing the life cycle of the salmon. Well done!

Many thanks to the Everett Public Schools Foundation for providing a grant making this production possible! #EPS_OurStudentsRock #EPS_OurStaffRocks #EPS_Partnerships #EPS_AlwaysLearning

Jackson High Environmental Systems Design class will plant Jan. 9. Twenty five students in Gail Walters' class have dirty hands and hope for green thumbs. They are replacing blackberries with native species to preserve the watershed. On Tuesday, Jan. 9, 11 a.m. to 2 p.m., they will add mulch and carefully place 140 native plants they hope will take root and replace the tangled bramble previously crowding out other plants and harming living creatures in the area. <http://bit.ly/2CUI5ZQ> #EPS_OurStudentsRock #EPS_STEM

If Silver Lake students reached their goal of bringing in \$30,000 for their Fun Run, Principal Nunes promised to kiss a pig! Guess what ... "One of our families has Boris for a pet," shared Principal Nunes. "Boris is 11-months old and hairy, but actually very sweet. The things you do to motivate your students!" Way to go Mustangs! #EPS_OurStaffRocks #EPS_OurStudentsRock
