EHS Community:

It is with mixed emotions that I share with you today that I have been selected to be the Director of District Improvement and On Time Graduation and will be moving on to this new position at the end of this school year. I'm excited about the career move, sad to be leaving this incredible school and wanting you to hear this news directly from me.

It has been an honor to serve as the principal of Everett High School for the past six years. Everett High School is a special place that thrives in an environment rich in history, tradition and diversity. What a gift it is to work in a community that supports its schools and its students and with this talented and professional staff, caring parents and exceptional students.

Though I am very excited about my new opportunity, I will miss Everett High School and the people who make it a great place for kids! Although I will end my time here at Everett High at the end of June, I will take what I have learned here and the spirit that EHS represents to my new position at the district level where I will have the opportunity to share and spread the success we have created here.

Thank you for your support for our students, staff and programs – and for me.

I look forward to working with the new principal when that person is selected to make a seamless transition for that person and for families and staff at Everett High School.

Catherine
