

Relatives as Parents Program

Serving kinship caregivers throughout Snohomish County

A Kinship Caregiver is a non-parental relative of any age, providing primary 24/7 care to a child that is related to him or her. This most often is grandparents raising grandchildren.

Challenges Caregivers Face:

Kinship caregiving can be one of the most stressful, difficult, and yet rewarding experiences a family may encounter. Stress over time can manifest itself through physical and emotional symptoms such as sleeplessness, depression, isolation, negative self-talk and more.

1 in 10 grandparents lives with their grandchildren
(Generations United, 2014)

Ways We Support Caregivers:

Connecting to community is key in reducing your stress. We can help you in your caregiving journey by guiding you from feeling stuck and alone, to being connected, supported and looking to the future. This program is FOR YOU & ABOUT YOU!

\$4 Billion amount grandparents and other relatives save taxpayers each year by raising children and keeping them out of foster care
(Generations United, 2014)
