

2020.11.13 all staff message

Good afternoon all Everett Public Schools' staff–

As we get closer to the Thanksgiving holiday and a few days of much-deserved rest, I would like to thank you all for your tireless work to serve our students remotely and work to enable students to someday, hopefully soon, return to the classroom. I have said it many times before, but I continue to be impressed by your innovation, hard-work, and passion for student achievement and physical and emotional health.

I hope the upcoming holiday will provide you some time to rest and rejuvenate. I also would like to give you the opportunity to work from home the day before Thanksgiving.

All staff who are able, may work remotely on Wednesday, November 25. This is not a day off, but an opportunity to work from your home instead of going into the office. **If your job cannot be accomplished remotely, for instance custodial or maintenance work, you may use the day remotely for professional development.**

This also means all buildings will be closed to the community November 25.

Be safe and be well

Ian
