

Generating Session ID and Student Login to Sessions

Training tests are tests completed in the TA Practice Interface and Secure Browser to prepare students for summative assessment. If you're looking for Interim testing login information, please see the Interim test instructions.

There are three main steps to ensure success of your Training Tests

1. [Log in and create the training test session](#)
2. [Have your students log into the training test in secure browser](#)
3. [Log in as a guest student and review test settings and help guide with students](#)

Prior to starting the testing session prepare by:

- Ensuring you have WCAP portal login access (see step 6)
- [Generating test tickets](#) with SSID in TIDE by class roster
 - Make sure that there is a ticket for each student, notify SC if any are missing.
- [Reviewing student accommodations](#) and ensuring you understand how they work
- Reviewing the [Tools Supports and Accommodations Summary](#) to ensure you understand all the tools your students may use

Session reminders:

- Students must have:
 - Secure test tickets
 - Chromebook or devices (instructions on pages 5 and 6)
 - Headphones (if required by the assessment or for student supports and accommodations)
- Instructions for student access begin on page 5 of this guide
- Create the test session no more than 20 minutes prior to testing
- Once students are in the session, demonstrate the training test on your projector by following the instructions on page 9 to go open a guest session in the same test

Step One: Logging in and Creating the Training Test Session- Teacher Access

1. On [Google Chrome](#) browser, select WCAP in "Managed Bookmarks" bar.
2. This will briefly direct you to an EPS webpage with important system messages. You will be automatically redirected to the WCAP Portal in 10 seconds, but you can go there immediately by clicking the redirect link.

**WCAP**

- If not redirected in 10 seconds go to <https://wa.portal.cambiumast.com/>

Teacher Session Approval

It will take about 30 seconds for the student names to display on the waiting for approval list on the **Test Administrator (TA) Interface**.

1. Click on the **Approvals button** once the expected number appears, i.e., 23. This will approve all at once and help identify if one or two students are having log in issues.

2. The 'Approvals and Student Test Settings' window appears, displaying a list of students grouped by test. Check that the student(s) selected the correct test.

3. To check a student's test settings and accommodations, click the eyeball button for that student. The student's information will appear. *(Reminder: students should not begin testing until their settings are correct in TIDE.*

If any accommodations or designated support settings are incorrect, please click the red 'X' button to deny student access to the test and ask your SC to update the settings in TIDE. Student will need to log out and rejoin the session for the option to appear).

4. To approve all students displayed in the list, click **'Approve All Students'** or the **green check mark** next to each student's name to approve one at a time into the session.

Step 3 - Log in as a guest student and review test settings and help guide with students

Now that you have created a training session, i.e., TRAIN-47D3-9, you can now open your own training test and log in using guest credentials to review test tools and best practices with your class on the overhead.

1. Open a new tab in Google Chrome by clicking on the + circle next to the current open tab

2. Go to the WCAP <https://wa.portal.cambiumast.com/> and follow the same path that you used to get to the TA Training Interface and select the Practice and Training Tests tile.

3. Click on Take the Practice and Training Tests tile and it will take you to a sign in screen

4. Select the appropriate grade level of your training test and click on the Start Grade 7 MATH – Training Test box

5. The waiting for approval page will appear.

6. Return to your TA training site tab and approve

Grade 6-8 ELA - Training Test - 1 student(s)				
Student Name	Student ID	Opp #	See Details	Action
GUEST	GUEST	1	Standard	  

7. Return to your Student: Login tab and review the **Test Settings** and **Help Guide** at this time with the class before you select Begin Test Now at the bottom of the page.

8. You will now enter the training test with your class and review best test taking practices and how to use the item types and tools. You can use the [accommodations and supports summary](#) to see a list of universal tools available to remind you of what to demonstrate. Students with additional supports and accommodations will need individual attention.
