## College & Career Readiness and Extended Learning Options Department

### Department Overview

The College & Career Readiness and Extended Learning Options Department includes programs, resources, and systems to support students in closing learning gaps and to ensure students graduate college, career, and life ready.

---

# STRATEGIC PLAN CONNECTIONS

# CLASS OF 2022 JUNE GRADUATES

Page 5

# COMMENCEMENT CEREMONIES

## Celebrations!

On behalf of the Board of Directors, the administration, and the State of Washington, Dr. Saltzman accepted more than 1200 graduates from the class of 2022 in commencement ceremonies on June 16 and June 18, 2022.

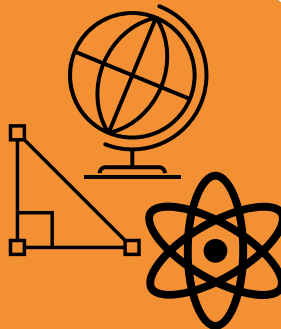

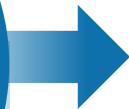

# GRADUATION REQUIREMENTS

## High School and Beyond Plan

Begins in middle school  
Drives course-taking & Post-secondary planning

## Credit and Subject Area Requirements

17 core subject area requirements and 7 flexible credits aligned with HSBP

## Graduation Pathway Options

Demonstrate college- and career-readiness in English Language Arts and Math through tests and/or courses

# SUPPORTS AND INTERVENTIONS

## Dual credit courses

One high school credit and five college credits  
College in the High School, Advanced Placement,  
Running Start, CTE Dual Credit  
Free Running Start this summer for high school  
completion or associates degree

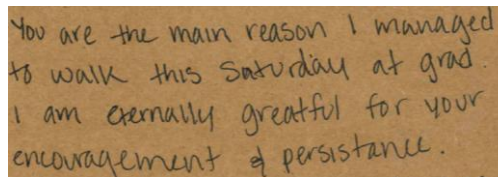

## Competency/mastery-based credit

Credit for passing next higher course in sequence  
World Language Assessments  
Demonstration of mastery through assessment or  
graduation pathway

## Credit recovery

Embedded in course during school day  
Outside of school day  
Summer Academy

# GRADUATION REQUIREMENTS EMERGENCY WAIVER

## To help students impacted by the COVID-19 pandemic

After trying all appropriate options to help a student meet credit and graduation pathway requirements, the district may waive credit or pathway requirements for individual students, provided they demonstrate post-secondary readiness.

Demonstrate  
good faith  
effort

Assess post-  
secondary  
readiness

Document  
and report use  
of waiver

# NUMBERS OF GRADUATES

## Sequoia

Graduated: 46  
Summer: 2  
Continuing: 11

## Everett

Graduated: 278 +  
8 continuing in  
special programs  
Summer: 2  
Continuing: 2

## Cascade

Graduated: 381 +  
5 continuing in  
special programs  
Summer: 3  
Continuing: 6

## Jackson

Graduated: 523 +  
8 continuing in  
special programs  
Summer: 3  
Continuing: 2

# CLASS OF 2022 PREVIEW OF SUMMER GRADUATION

Page 11

# SUMMER SUPPORTS FOR SENIORS

## Summer Academy

Seniors from our comprehensive high schools and Sequoia who need more time can attend summer academy at Cascade High School to finish requirements and participate in commencement ceremony August 18, 2022, as on-time graduates.

## Everett Reengagement Academy

Students in our Open Doors online program, facilitated by Graduation Alliance, continue to engage in learning and taking courses during the summer. Graduates will participate in the commencement ceremony August 18, 2022

# THANK YOU!

# High School Course Catalog

2022/2023

The student guide to high school courses and programs  
designed to help build a successful future.

# Graduation Requirements & Information

## Graduation Requirements

- Beginning with the class of 2021, students must earn a total of 24 credits to graduate from Everett Public Schools.
- The courses students take are based on the requirements below and determined by the individual High School and Beyond Plan.
- Each semester-long class completed with a passing grade equals one-half (0.5) credit.
- A maximum of 1.0 total credit of Teacher Assistant or Office Assistant may be counted toward graduation requirements.
- Students must meet a mathematics-based quantitative course requirement during their senior year. If a student completes a higher-level math course prior to senior year, the student may be exempt from the senior-year quantitative course requirement.

- Until graduation requirements are met, students must carry six (6) classes per semester or have administrative permission for a partial schedule.
- In addition to meeting the credit requirements, students must also meet standard in math and English language arts through the graduation pathways on page 5. The graduation pathway must be aligned with the individual High School and Beyond Plan.

A complete description of Everett Public Schools graduation requirements—as well as other helpful graduation resources—are available on the district website: <https://www.everettsd.org/domain/2687>.

District policy 2410 (High School Graduation Requirements) can be found at: <https://docushare.everett.k12.wa.us/docushare/dsweb/Get/Document-412/2410.pdf>.

Washington State graduation requirements from the Office of the Superintendent for Public Instruction can be found at: <http://www.k12.wa.us/GraduationRequirements/default.aspx>.

## How do the 24 credit graduation requirements add up for the class of 2021 and beyond?

# Graduation Pathways

Students must meet one math and one English language arts pathway as defined in the High School and Beyond Plan

Math	English Language Arts (ELA)
Meet standard on Smarter Balanced Assessment in math All students take the SBA in 10th grade	Meet standard on Smarter Balanced Assessment in ELA All students take the SBA in 10th grade
Complete and qualify for college credit in a dual credit math course (example: College in the High School course such as Pre-calculus or Statistics)	Complete and qualify for college credit in a dual credit ELA course (example: College in the High School course such as EvCC English 4 or UW English course)
Earn credit in a high school math transition course (Bridge to College Math)	Earn credit in a high school ELA transition course (not currently available in Everett Public Schools)
Earn a C+ or higher both semesters in a qualifying Advanced Placement (AP) math course OR a 3 or higher on a qualifying AP math exam: AP Statistics, AP Computer Science A, AP Computer Science Principles, and AP Calculus	Earn a C+ or higher both semesters in a qualifying Advanced Placement (AP) ELA course OR a 3 or higher on a qualifying AP ELA exam: AP English Language and Composition, AP English Literature and Composition, AP Macroeconomics, AP Microeconomics, AP Psychology, AP US History, AP World History, and AP US Government and Politics
Meet standard (set by State Board of Education) on SAT or ACT in math All students take the SAT in 11th grade	Meet standard (set by State Board of Education) on SAT or ACT in reading, writing, or English All students take the SAT in 11th grade
Meet standard (set by State Board of Education) on the Armed Services Vocational Aptitude Battery (ASVAB) This pathway meets both math and ELA requirements	
Complete a qualifying sequence of career and technical (CTE) courses This pathway meets both math and ELA requirements	

# Course Equivalency

Everett Public Schools Board of Directors adopted Board Policy 2409 to grant equivalency credit for courses offered to students in high schools.

Course equivalency allows a single course to satisfy more than one graduation requirement without earning duplicate credit.

For the district list of approved course equivalencies visit: <https://www.everettsd.org/domain/2687>.

In this planning guide, courses that are eligible for course equivalency are noted as such in the course information (along with Location, Prerequisites, and other information).

Course equivalencies are listed at the end of each content area in this planning guide and in the Index of Courses.

## What are course equivalencies?

Course equivalencies enable students taking Career and Technical Education (CTE) courses to satisfy two graduation requirements while earning one credit.

## How does it work?

For example, taking a Digital Photography class earns one credit toward the 24 required for graduation AND fulfills two graduation requirements. This leaves room for a student to take more elective classes.

Digital Photography

**Approved course equivalencies »**

A new list of **approved course equivalencies** is created each fall. Follow the QR code to see the most current list.

# Learning Options for Students

## College in the High School

Everett Community College (EvCC) and the University of Washington (UW) contract with Everett Public Schools to offer college credits for some courses taught by qualified high school staff teaching at the college-level rigor. Students in grades 9-12 have the option to pay fees to receive college credit, in addition to the high school credit.

\* There is no fee for students to enroll in a College in the High School (CiHS) to earn only high school credit. Fees only apply for students who choose to enroll in a CiHS course to earn both high school and college credit.

\* Paying for the college credit automatically starts and official college transcript with the institution offering the course that will include the student's performance.

\* College credit earned during high school may count as elective or academic credit depending on the receiving college's transfer credit policies. It is each student's responsibility to request the transferability of credits from the college(s) they wish to attend and whether the courses will appear on the college transcript.

In this course catalog, College in the High School courses are identified with the following two icons. The College in the High School icons are provided in this catalog as general guidance; College in the High School course offerings are subject to change and may vary by school.

*In cases where a College in the High School course is co-delivered with an Advanced Placement (AP) course, the high school transcript will list the course beginning with the institute of higher education's curriculum and course number and will also reflect the AP course title. This will designate the course as a co-delivered course.*

LOOK FOR  
THIS ICON

The following courses may be offered as EvCC courses. College credit may not be offered at all high schools:

AP Calculus AB	AP Statistics	EvCC English 4
AP Calculus BC	AP U.S. Government/Politics	Foundations of Business and Marketing
AP English Language	AP U.S. History	French 2, 3, & 4
AP English Literature	AP World History	German 2, 3, & 4
AP Environmental Science	Calculus	Introduction to Education
AP French Language	Ceramics	Medical Terminology
AP German Language	Chemistry	Precalculus
AP Human Geography	Chinese 2 & 3	Spanish 2, 3 & 4
AP Physics 1	Cybersecurity & Networking	Spanish Heritage Spkrs 1 & 2
AP Spanish Language	Ethnic Studies & Civics	Statistics
AP Spanish Literature		

At the time of printing of this catalog, fees for EvCC CiHS courses are \$220 for a 5-credit course. Students who qualify for free or reduced priced lunch may qualify for the EvCC CiHS fee waiver program which covers fees for up to two 5-credit courses per academic year. Students may also speak with their high school counselor regarding other financial assistance options available.

LOOK FOR  
THIS ICON

The following courses may be offered as University of Washington in the High School courses:

AP Computer Science A	UW English Composition: General
AP Computer Science Principles	UW English Composition: Literary
AP Psychology	UW English Composition Humanities
Astronomy & Aerospace Engineering	

At the time of printing of this catalog, fees for UW CiHS courses are \$66 per credit, plus a \$45 registration fee. Students pay the registration fee once per registration period, regardless of the number of courses. Students may speak with their high school counselor regarding financial assistance options available.

# Advanced Placement

LOOK FOR  
THIS ICON

Advanced Placement (AP) is a program in which students explore their passions with rigorous classes and take on challenging topics. Students work with their teachers and classmates to engage in deep thinking and college-level coursework. The college-level experience while in high school develops knowledge and skills used in the real world and introduces students to new possibilities while earning college credit.

Throughout the course, students prepare for the corresponding AP exam offered in early May. Students are strongly encouraged to take the exam and will register for the exam in the fall. The fee for each AP exam varies each year. If financial assistance is needed, students may be eligible for a reduced fee per AP exam. For more information about fee reductions, contact the high school AP coordinator.

Students are responsible for checking with the college(s) of interest in determining whether or not those colleges will accept AP credits.

The following are AP courses offered at Everett Public Schools:

AP Biology	AP French Language	AP Spanish Literature
AP Calculus AB	AP German Language	AP Statistics
AP Calculus BC	AP Human Geography	AP 2-D Art and Design
AP Chemistry	AP Macroeconomics	AP 3-D Art and Design
AP Chinese Language	AP Microeconomics	AP Drawing
AP Computer Science A	AP Physics 1	AP U.S. Government/Politics
AP Computer Science Principles	AP Psychology	AP U.S. History
AP English Language	AP Research	AP World History
AP English Literature	AP Seminar	
AP Environmental Science	AP Spanish Language	

*In cases where a College in the High School course is co-delivered with an Advanced Placement (AP) course, the high school transcript will list the course beginning with the institute of higher education's curriculum and course number and will also reflect the AP course title. This will designate the course as a co-delivered course.*

# CTE Dual Credit

LOOK FOR  
THIS ICON

CTE Dual Credit (formerly “Tech Prep”) is a partnership between high schools and community colleges to provide high school students the opportunity to earn college credit in addition to high school credit in qualifying technical high school classes. To earn college credit, there may be a fee and students may be required to earn a “B” or “C” grade in the course. Students must demonstrate mastery in specific competencies and complete college enrollment for each qualifying course.

The following are CTE Dual Credit courses offered at Everett Public Schools:

Accounting II	Entrepreneurship
Anatomy & Physiology	Graphic Design Introduction, I & II
Automotive Technology	Independent Living
Career Choices	Publications I
Computer Applications	Web Design

## In-District Offerings

Everett Public Schools students may take certain courses at other high schools within the district, depending on availability.

The Naval Science (NJROTC) program, available to all students, and the Automotive Maintenance, Automotive Technology, and Foundations of Manufacturing courses, with limited openings for students who can provide their own transportation, are available at specific Everett Public Schools high schools. For more information, see page 89 of this course catalog. Contact a counselor for more information about in-district offerings.

## Running Start

Running Start is a partnership program between Washington State high schools and community colleges funded by the state legislature providing high school juniors and seniors with the opportunity to take college-level and tuition-free courses (other fees may apply). For more information about how and when to apply for Running Start, see a high school counselor and visit: <https://www.everettsd.org/Page/10317>.

## Self-Paid Community College Courses

Students can pay to take courses at community colleges with the permission of their home high school, the college, and their parents/guardians. See a high school counselor for more information.

## Summer Internship Program

Summer internship opportunities for high school juniors and seniors provide valuable skill development and insight about college and career options at the most appropriate time in a student's life. Internships are a way of helping a student explore a career pathway. To participate in a summer internship, a student must be at least 16 years old. For more information, including application instructions, please visit the district summer internship website: <https://www.everettsd.org/domain/3148>.

## Summer Learning Opportunities

Summer learning opportunities include Everett Public Schools summer school, summer OnlineHS classes, WANIC summer programs, college courses, and summer internship and volunteer opportunities. After spring break, students may visit their high school counseling or career center for more information about summer options.

## Online High School

LOOK FOR  
THIS ICON

After more than two decades, the Everett Public Schools virtual learning program, OnlineHS (<https://OnlineHS.net>) is one of the oldest and its students the most successful in Washington State. Students enjoy the freedom and flexibility of anywhere, anytime, learning!

The mission of OnlineHS is to ensure all students have access to a personalized and individualized online learning experience that is rich, rigorous, and supported by outstanding teachers ready to help students achieve high standards and be successful in their academic pursuits.

OnlineHS is an OSPI and NCAA approved online course provider.

OnlineHS is not a school. It is an Everett School District program for students enrolled in one of the district's high schools. OnlineHS courses are 100% asynchronous learning. Students do not have a set schedule to work, but may complete course work at any time. All course work and lessons are provided in Canvas. Students can ask questions and meet with teachers as needed.

There are three options for students to take OnlineHS courses:

1. AS PART OF the student's six-class school schedule at Cascade, Everett, Jackson, & Sequoia HS. The majority of students add one OnlineHS course as part of their regular school schedule. They attend school and go to class for five periods and have one period off for their online class.
2. IN ADDITION TO a student's six class school schedule.

Add an OnlineHS class as a 7th period. Students pay a small tuition fee for each ADDITIONAL half-credit course from OnlineHS. (*tuition costs set annually as part of district fee schedule*)

3. FULL-TIME. Prospective full-time online learning enrollment is contingent on three things: (1) previously passing an OnlineHS course, (2) a successful intake meeting with OnlineHS counselor and teacher, and (3) approval. Full-time OnlineHS are enrolled as students at Sequoia High School only.

All registrations in OnlineHS are through the student's school counselor.

Students and parent/guardians are required to sign a Written Student Learning Plan by the 5th day of class to continue enrollment.

OSS301/302	U.S. History
OSS401	Washington State History
OSS411	Contemporary Global Issues
OSS503	Civics
OSS610	Psychology

# Course Sequences

## Academic Acceleration Policy

Students who meet or exceed the state standard on the eighth grade or high school English language arts or mathematics statewide student assessment will be automatically enrolled in the next most rigorous level of advanced course or program offered by the high school.

Students who meet or exceed the state standard on the Washington comprehensive assessment of science will be enrolled in advanced courses in science.

Students who successfully complete the advanced courses will be enrolled in the next most rigorous level of advanced courses, with the ultimate goal being the student's enrollment in, and success in dual credit courses.

None of the measures for automatic enrollment will preclude or limit any student from self-selection into advanced courses.

Students, with agreement of parent or guardian, may opt out of the academic acceleration process and enroll in an alternative course or program that aligns with the students' high school and beyond plan goals.

*The goal of Academic Acceleration is that, by graduation, each student will enroll and be successful in dual credit courses such as Advanced Placement and College in the High School.*

*The course in which students are placed is based on the programs available and the student's High School and Beyond Plan. These following pages include advanced courses as a part of the course sequences.*

*Students and their parents or guardians may opt out and take a different course that aligns with post-high school plans by contacting the student's counselor or administrator.*

## Course Sequences and Options by Content

The following pages contain the sequences of courses and course options available in each required content area. Use these pages to plan your four-year course-taking. See pages 12-15 for helpful registration planning tools.

Descriptions of the courses listed here, as well as prerequisites and other important information can be found on pages 29-98. Used together, this will help you design a learning plan that will meet graduation requirements, prepare you for your post-secondary plans, and provide meaningful, relevant, and personalized educational experiences throughout high school.

## Elementary School Summer Academy 2022

Everett Public Schools is pleased to offer summer school for qualifying elementary students!

## How do I register?

Complete the registration link provided by your child's teacher or school.

## Registration must be completed by **April 22, 2022**

You will receive official confirmation of enrollment in the Elementary School Summer Academy by the school or district.

STUDENTS FROM	ATTEND AT
Garfield, Hawthorne, Whittier	<b>Hawthorne</b>
Jackson, Lowell, View Ridge	<b>View Ridge</b>
Emerson, Jefferson, Madison	<b>Emerson</b>
Monroe, Penny Creek, Silver Lake	<b>Silver Lake</b>
Forest View, Mill Creek, Silver Firs	<b>Forest View</b>
Cedar Wood, Tambark Creek, Woodside	<b>Woodside</b>
Everett Virtual Academy K-8, Port Gardner K-12	<b>Attend program listed above that serves your child's resident school</b>

## Your child is invited to attend

- Students currently in K, 1st, 2nd, 3rd, and 4th grades who are not yet at standard are invited to attend based on specific criteria by grade level.
- Students who are Multilingual Learners are invited to attend based on their ELPA21 or WIDA screener scores.
- Teachers will invite students who are eligible based on their reading, math, and/or ELPA21 or WIDA screener scores.
- There may be spots in the Elementary School Summer Academy open to students who do not meet eligibility criteria. Please check the website after April 22, 2022 for more information.

## When and where?

- Mondays through Fridays, June 27 – July 29, 9:15 am - 1:15 pm
- Classes will be held at six schools.
- Your child's summer school location is determined based on your child's 2021–22 school.
- *There is no class on July 4.*

## What about meals and transportation?

- Free breakfast and lunch are included for all students.
- Transportation will be provided from several pick up sites.

## What does it cost?

Elementary School Summer Academy is free, paid through state and federal funding.

## What will my child do each day?

Elementary School Summer Academy will provide your child with instruction in reading, writing, math, and science. The daily schedule includes 45 minutes of science, 45 minutes of reading and writing in small groups, 90 minutes of math, and 15 minutes of social-emotional learning. Students will participate in a variety of engaging and fun activities that will build their vocabulary and improve their skills. Math content will focus on problem solving and building foundational math skills. Students will have access to the school library for weekly book checkout to encourage participation in the Summer Reading Challenge. Each class will have approximately 15 students with one teacher and paraeducator support.

## Why should my child attend?

Your child will receive small group, focused instruction in key skills for success in the coming year. Your child will have fun learning and exploring!

## Middle School Summer Academy 2022

Everett Public Schools is excited to provide summer programming for current Grade 5, 6 and 7 students.

## How do I register?

Complete the registration link provided by your child's teacher or school or visit [www.everettsd.org/summerschool](http://www.everettsd.org/summerschool).

## Registration deadline is April 22, 2022

You will receive official confirmation of enrollment in the Middle School Summer Academy by the school or district.

## Enrollment

For the **Middle School Summer Academy** and **Multilingual (ML) Middle School Summer Academy**, current 5th graders will be invited by their classroom teacher during parent-teacher conferences. Current 6th and 7th graders will be invited by teachers, counselors, and building administrators. There may be spaces available in the Middle School Summer Academy open to students who do not meet eligibility criteria. Please check the website after April 22, 2022 for more information.

For the **Bridge to Compacted Math Academy**, current 6th and 7th graders are welcome to enroll through the district summer school website.

## When and where?

- Classes will be held at **Evergreen Middle School**, 7621 Beverly Lane, Everett, WA 98203.
- Mondays through Fridays, June 27 – July 29, 8:15 am – 12:15 pm
- *There is no class on July 4.*

## Middle School Summer Academy Programs

### Middle School Summer Academy

Middle School Summer Academy focuses on exciting and engaging math and English Language Arts content for current 5th through 7th grade students. Academic lessons will focus on math problem-solving and foundations as well as literature through close reading and novel studies, to help students build foundational skills needed for the next year. Starting with rich, engaging texts and challenging math problems, instruction is designed to leverage the voice and thinking of students.

## Middle School Summer Academy Programs (cont.)

### Multilingual Learner (ML) Middle School Summer Academy

Multilingual Learner (ML) Middle School Summer Academy is focused on building students' English language vocabulary, as well as their skills in reading, writing, speaking, and listening through research-based, highly engaging instructional strategies. Students will learn how to read and write longer, more complex text. Students will participate in on-site experiences related to the content they are learning.

### Bridge to Compacted Math Academy

The Bridge to Compacted Math Academy offers two courses designed for students seeking to enter an accelerated sequence of math course during the school year.

**Bridge to 7/8 Compacted** is a course for current 6th grade math students. The 7th grade math content from 6/7 Compacted will be taught along with necessary skills for success in 7/8 Compacted Math. Students currently enrolled in 6/7 Compacted Math who want to reinforce and build confidence for 7/8 Compacted Math next year are also encouraged to talk to their teacher about the Bridge to Compacted Math Academy.

**Bridge to 8/Algebra Compacted** is a course for current 7th grade math students. The 8th grade math content from 7/8 Compacted will be taught along with necessary skills for success in 8/Algebra Compacted Math. Students currently enrolled in 7/8 Compacted Math who want to reinforce and build confidence for success in 8/Algebra Compacted Math next year are also encouraged to talk to their teacher about the Bridge to Compacted Math Academy.

## On-site classes

- **On-site classes** will be held at Cascade High School, 801 E Casino Rd., Everett, WA 98203.
- Mondays through Fridays, June 27 – July 29, 7:30 am - 1:30 pm
- *There is no class on July 4.*

## Online classes

- **Online classes** will be accessible from June 27 - August 4.

## Get the course catalog

- The course catalog is available online at: [www.everettsd.org/summerschool](http://www.everettsd.org/summerschool)
- Printed versions of the High School Summer Academy catalog can be found in your school's guidance office.

## Registration is online

- Web-based registration begins March 14 at [www.everettsd.org/summerschool](http://www.everettsd.org/summerschool)

## OnlineHS expectations

Students who wish to enroll in OnlineHS courses must be prepared to:

- Log-in daily
- Complete work regularly to complete the course on time\*

*\*Progress is monitored and students will be dropped if they are not making regular progress.*

- » Strengthen skills
- » Increase knowledge
- » Extend academic interest
- » Take new courses
- » Repeat courses
- » Get ahead in credits

Our **students** will **lead** and **shape** the future.

## Everett Public Schools Paper Tutoring Overview Winter/Spring 2022 Pilot

### What is Paper Tutoring?

Paper provides 24/7, high-dosage tutoring via live chat in over two hundred academic subject areas in four available languages: English, Spanish, French, and Mandarin. Through Paper, students are able to access on-demand homework help, writing feedback, and study support. Paper tutors are certificated teachers trained to apply Socratic teaching methods, rather than to provide answers, in order to build students' growth mindset as well as to support academic success. Teachers and administrators can access Paper through a dashboard and monthly reports, providing insights into learning gaps, as well as student activity and engagement.

### Pilot Focus: "Ninth Grade On-Track"

To ensure each ninth-grade student has the support they need to be on-track for on-time graduation at the end of their first year of high school, Paper Tutoring will be made available to all ninth-grade students across the district for second semester of the 2021-22 school year and during summer programming 2022 (February – July 2022).

Support for the pilot will include:

- Admin & teacher trainings through Paper
- Communication with ninth grade families about the launch and implementation of Paper
- On-going implementation support through Paper and Extended Learning Options department
- Monthly check-ins to review dashboard and reports
- Semester review and program evaluation

## Everett Public Schools Springboard Afterschool Overview Fall 2021

### What is Springboard Afterschool?

Springboard Afterschool is an intensive 7-10-week literacy program for students in grades K-3. The program provides engagement opportunities for families to support their children's reading at home; as well as job-embedded professional development and coaching for school-based leaders and teachers.

Launched this fall, over 300 students are participating in Springboard Afterschool at the district's six Title I elementary schools:

1. Emerson Elementary School
2. Garfield Elementary School
3. Hawthorne Elementary School
4. Jackson Elementary School
5. Lowell Elementary School
6. Madison Elementary School

### Springboard Afterschool Program Description

The Springboard Afterschool program coaches teachers and parents to set goals together, practice evidence-based reading strategies, measure progress, and celebrate success. The structure of the program is designed to boost students' reading skills while also strengthening family-educator relationships.

Implementation of the program includes:

- Three hours of weekly instruction for students
- Team building huddles between teachers and families to set reading goals and participation expectations
- Five family workshops
- Eight hours of teacher professional development
- Weekly job-embedded professional development and coaching cycle for teachers
- Curriculum, tools, and resources aligned with the Science of Reading
- "Learning bonuses" (incentives) for students, such as books and tablets, commensurate with student reading growth
- Capstone celebration
