# Agenda

- District results
- District and state comparisons
- District trends
- Level and index improvements
- Student group trends
- Comparison reports
- Pre and post pandemic patterns
- Analysis to action

## Analysis to Action

- Data represent children
- Data tell what is but not why or how
- The how and why lead to effective responses
- Student learning data is complex
- Proficiency is never the whole story
- Trailing and leading indicators guide our work in different ways
- Triangulation of standardized assessments and other indicators is critical to serve students and improve the system
